Friends - Dedication - Action - Smiles - Awesome - Outrageous — These are all a part of everyday life in the world around us, and they are also a part of life on our campus.

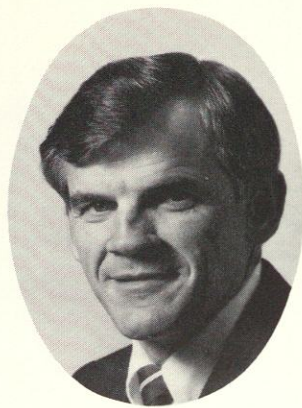

This edition of "MCJVS Memories" is a photographic chronicle of some of those events which happen everyday at our school. As you look through its pages now and in later years, may you remember the friends you made, the funny and sometimes outrageous antics of your classmates, and the awesomeness of life itself. May its smiles bring a smile to you, and may its actions remind you that nothing is really achieved without action on our part.

Last, but definitely not least, may its emphasis on dedication encourage each of us to dedicate and commit ourselves to becoming the best we can be.

A Bright Future

I was looking for something special
As I peered through the door,
I was looking ahead
To find something more.

The JVS was in my sights
With so many skills and trades,
I knew I'd love the school
And strive to get good grades.

The friendships I've made
Will last for years,
And when school is over
We will be in tears.

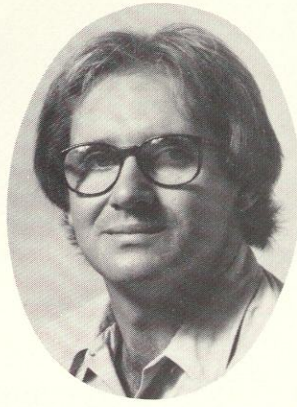

The teachers are great
They will always lend an ear,
So ask all your questions
Before the end of the year.

The JVS was my beginning
For this school we'll always see,
A bright future
For you and me.

SMILES & STYLES...

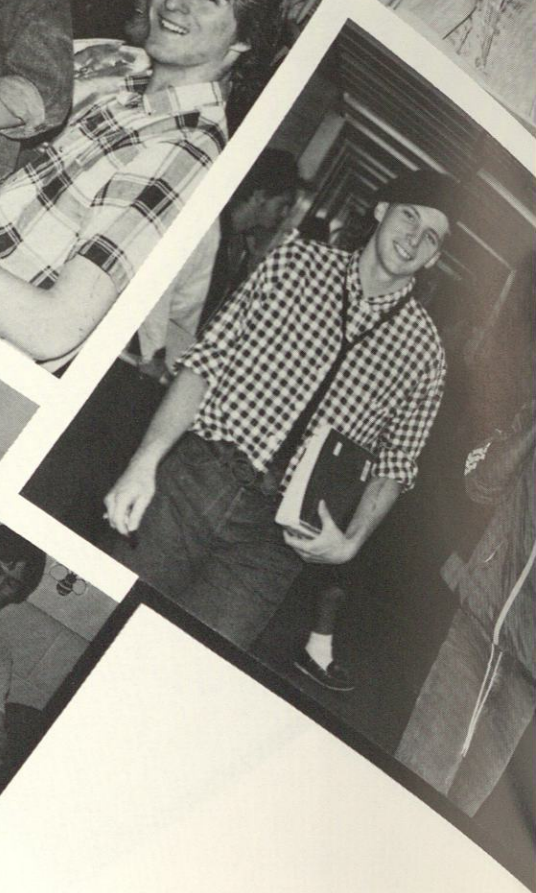

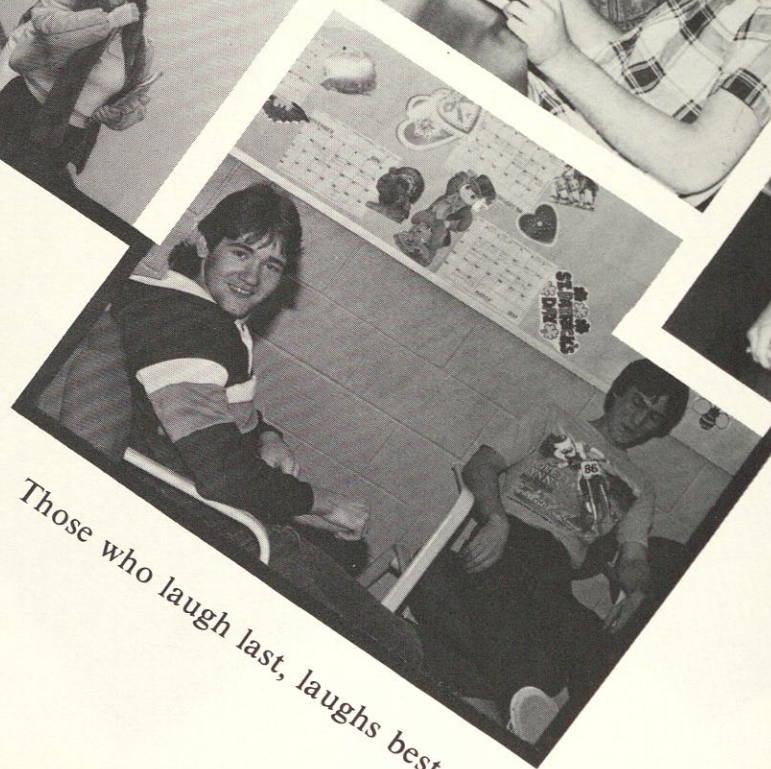

No one agrees with the opinions of others ; we merely agree with our own opinions expressed by others.

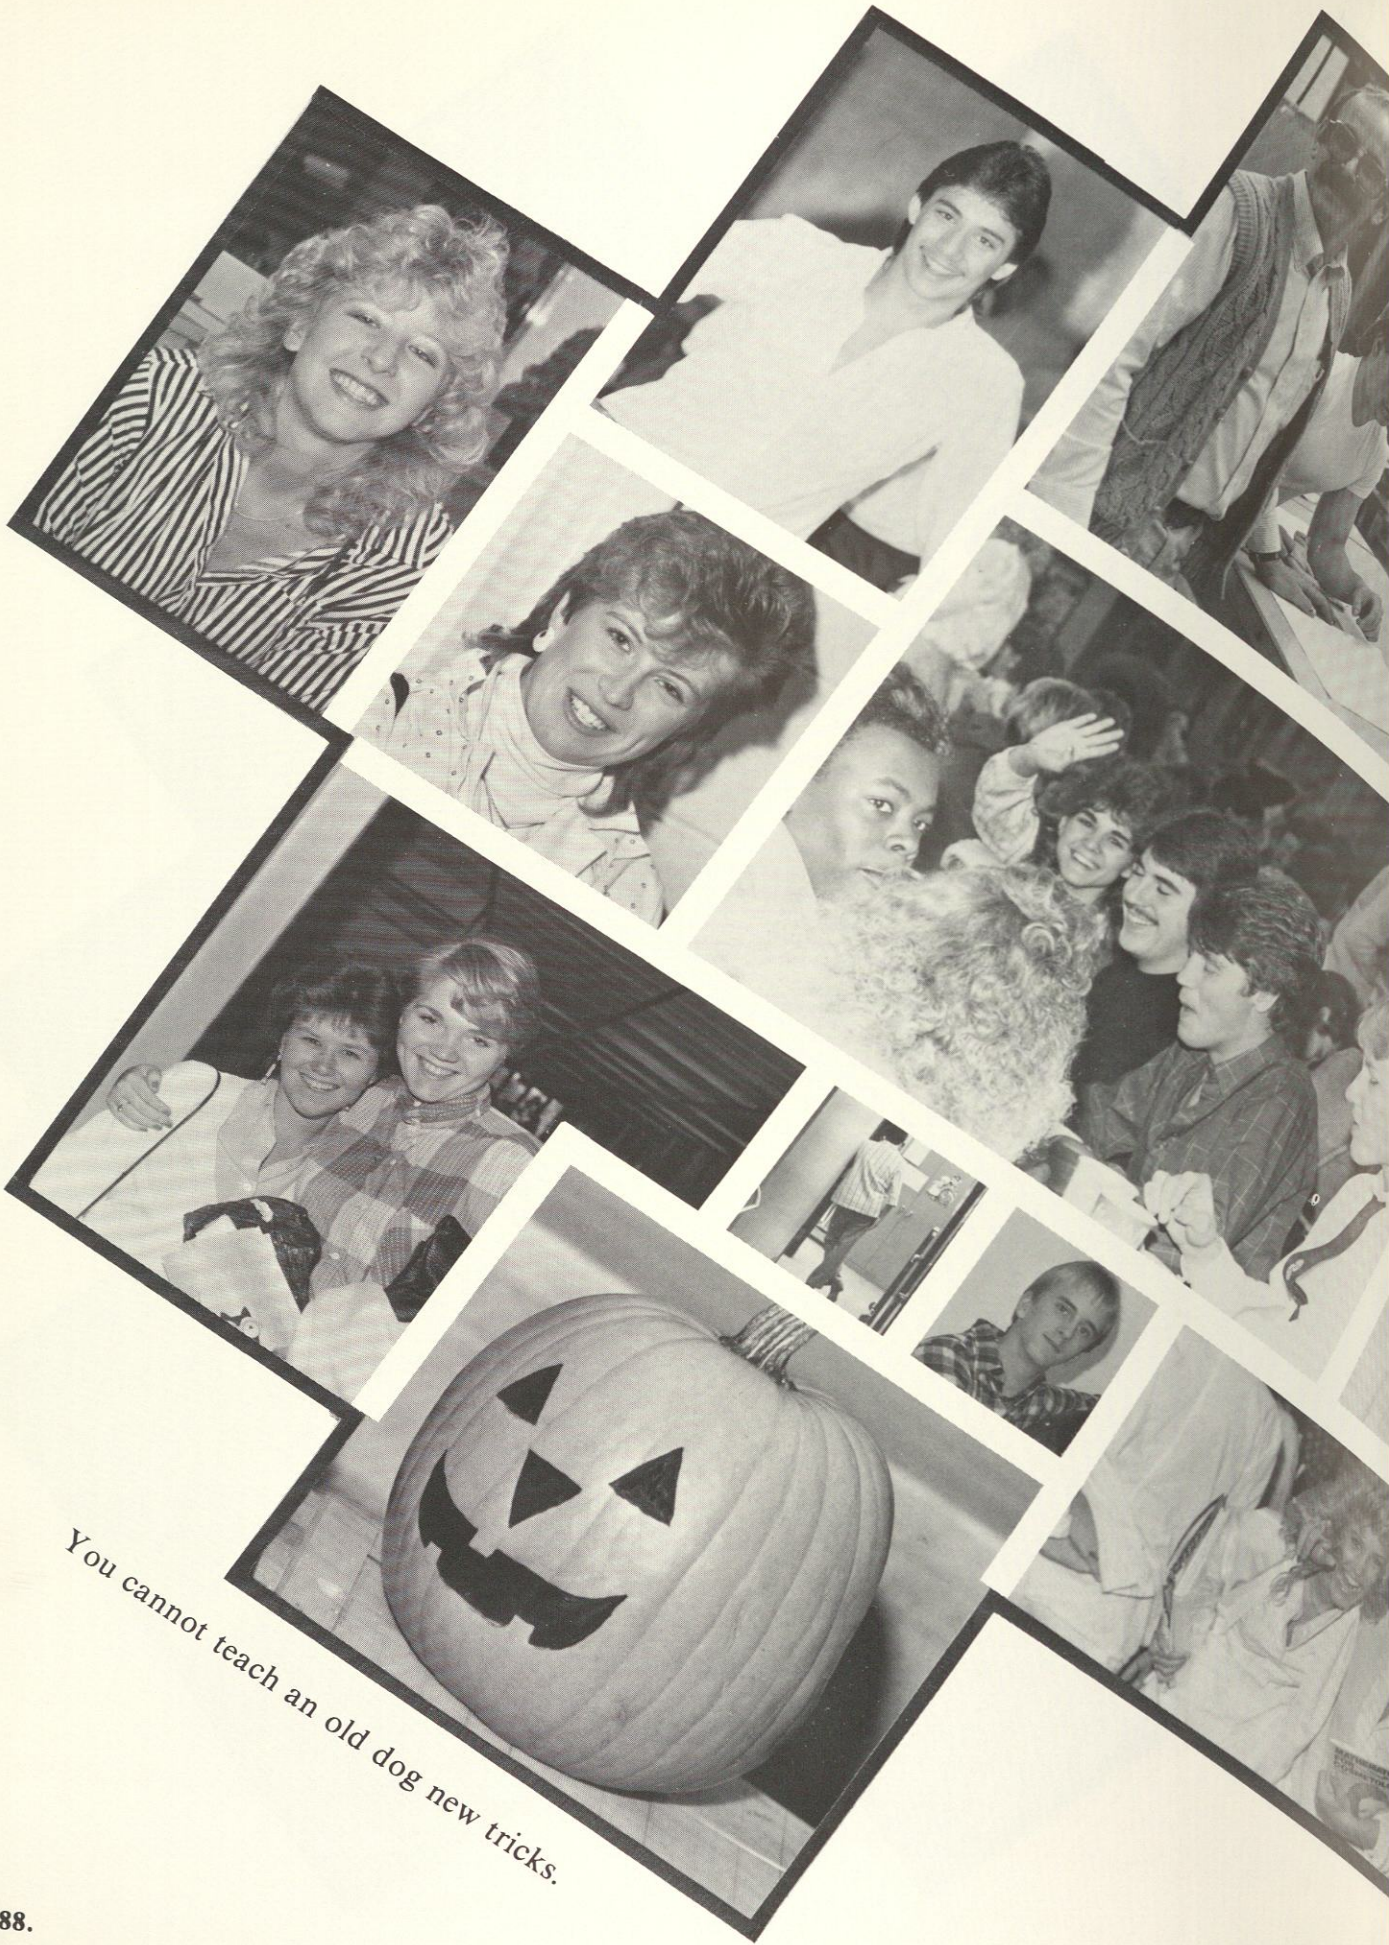

Streams take the path of least resistance ; so do people.

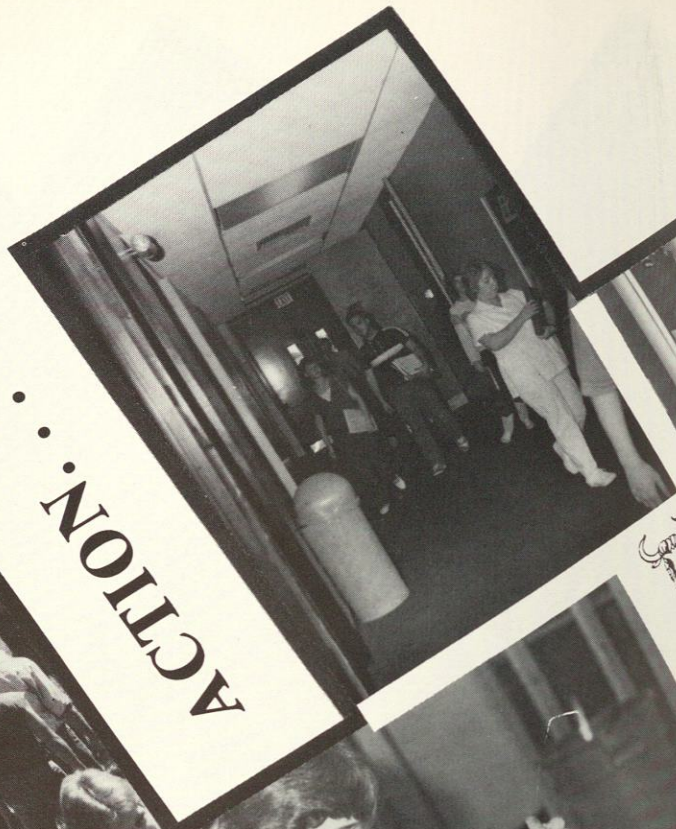

Those who laugh last, laughs best.

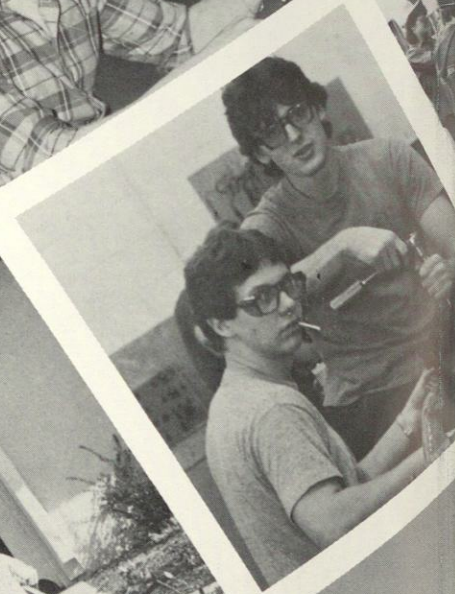

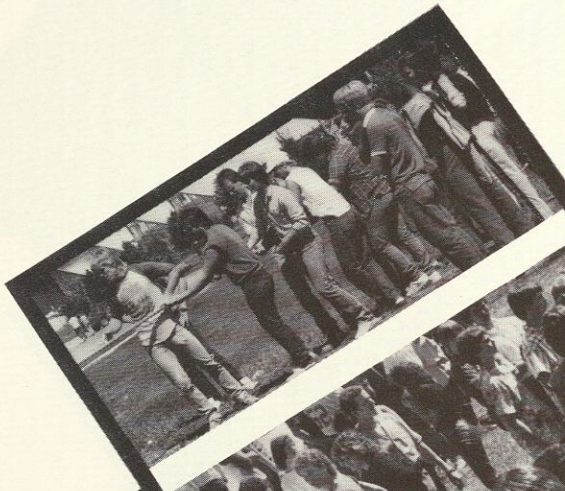

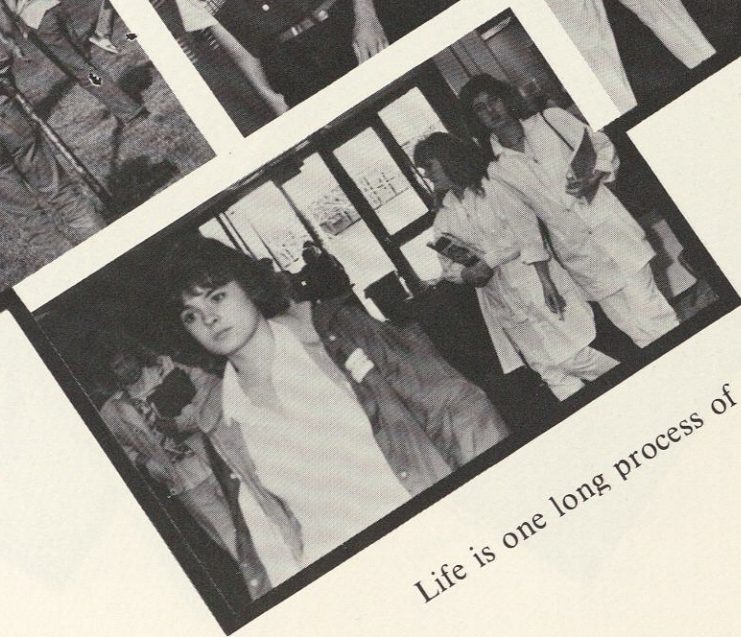

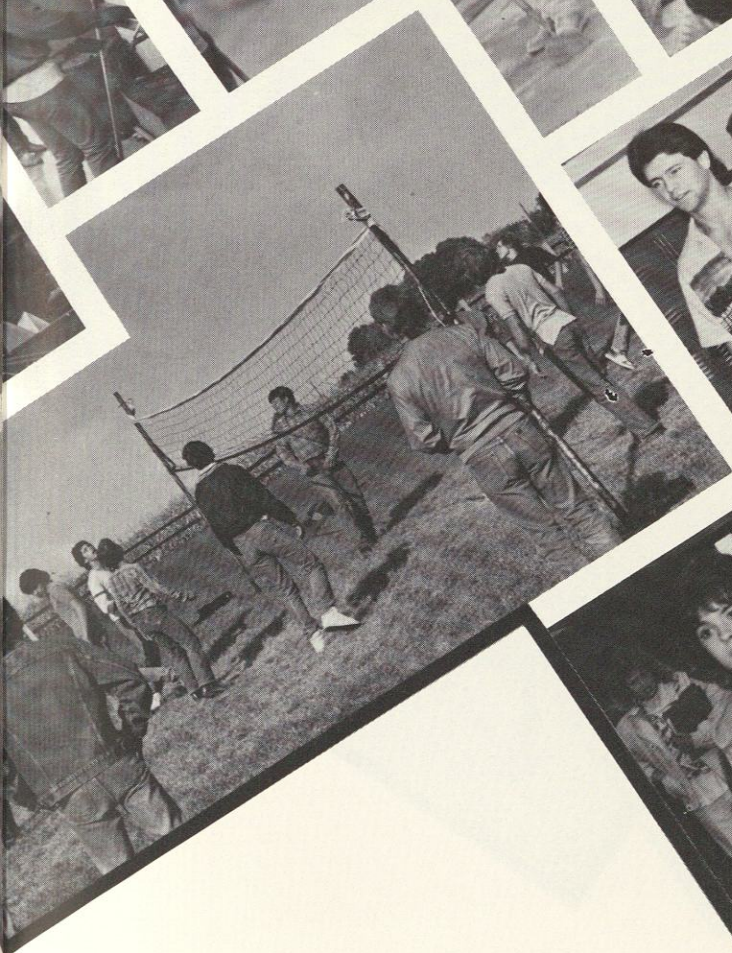

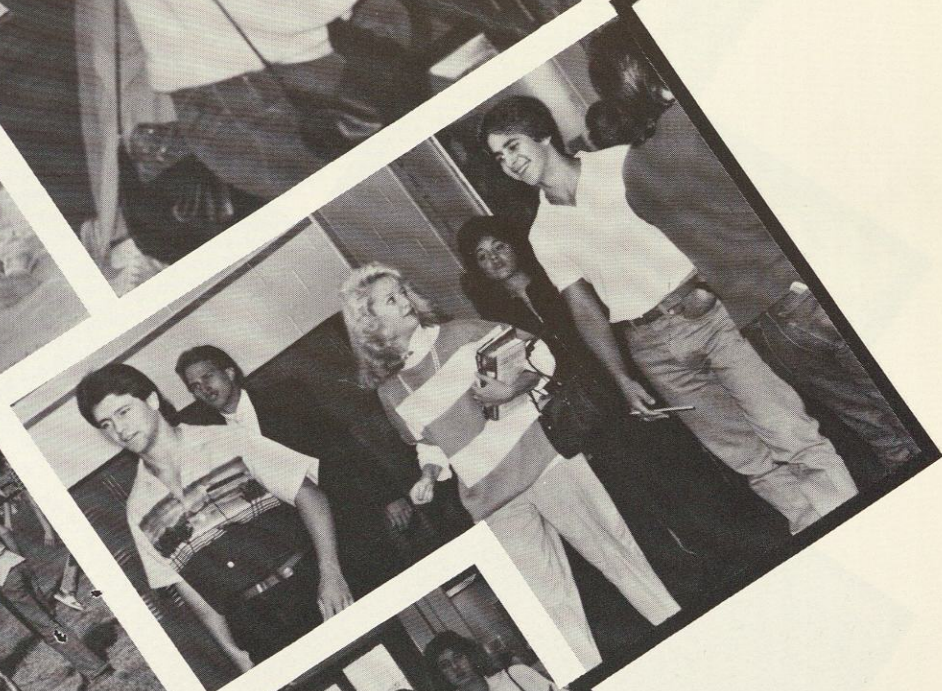

You cannot teach an old dog new tricks.

...ACTION...

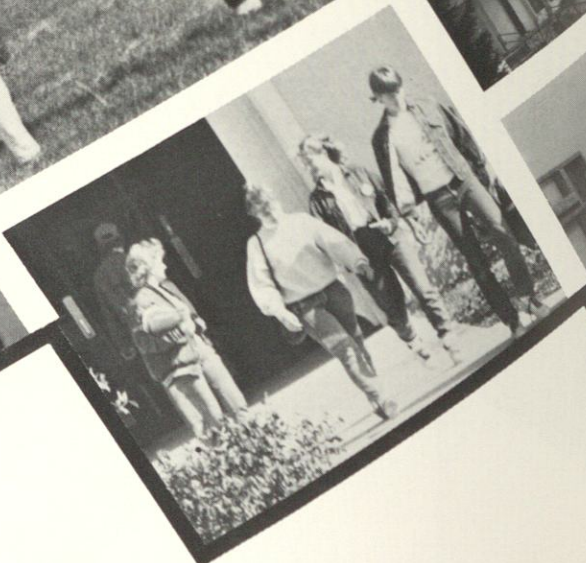

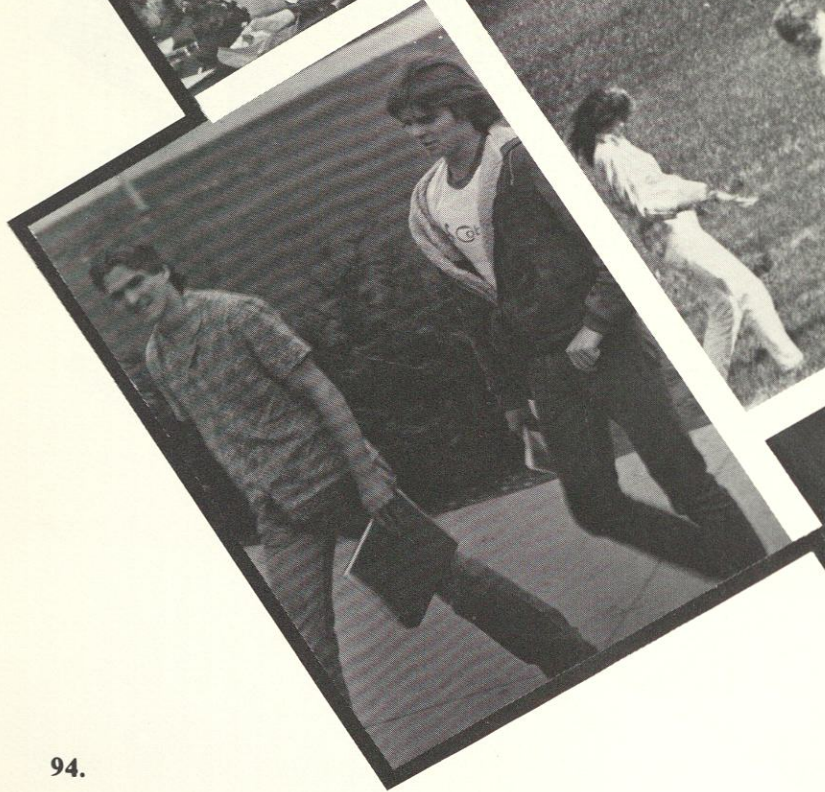

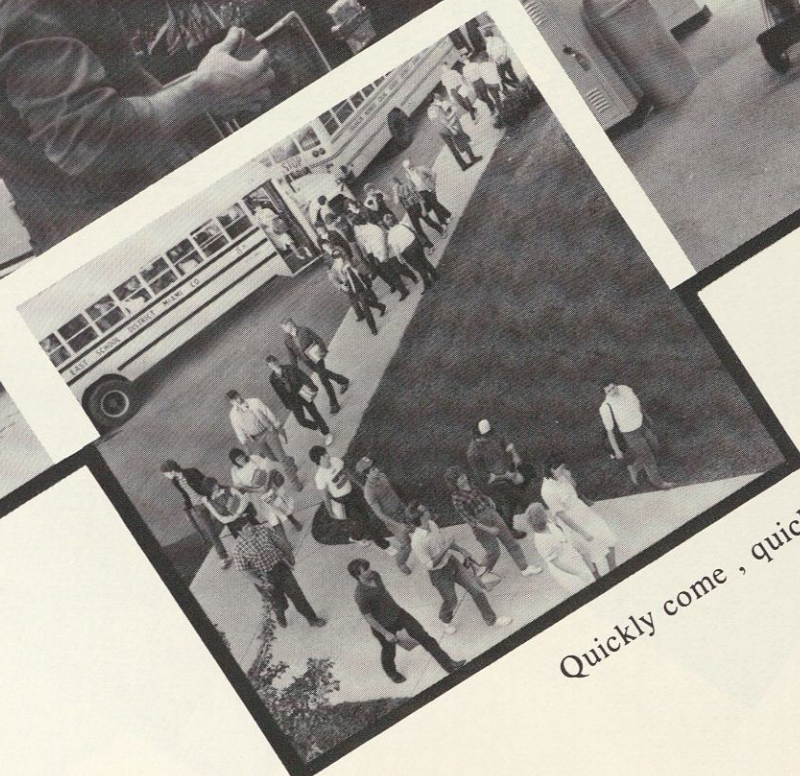

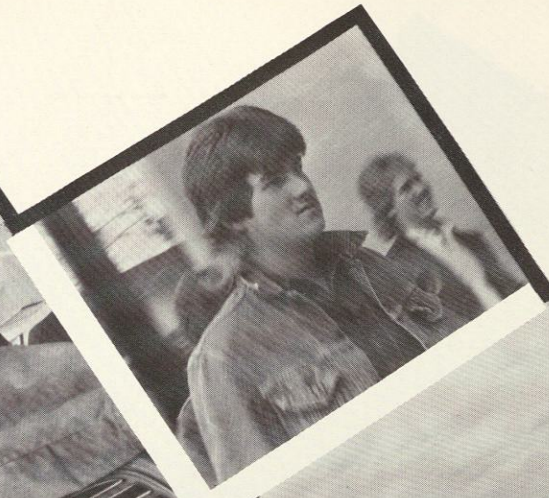

Life is one long process of getting tired.

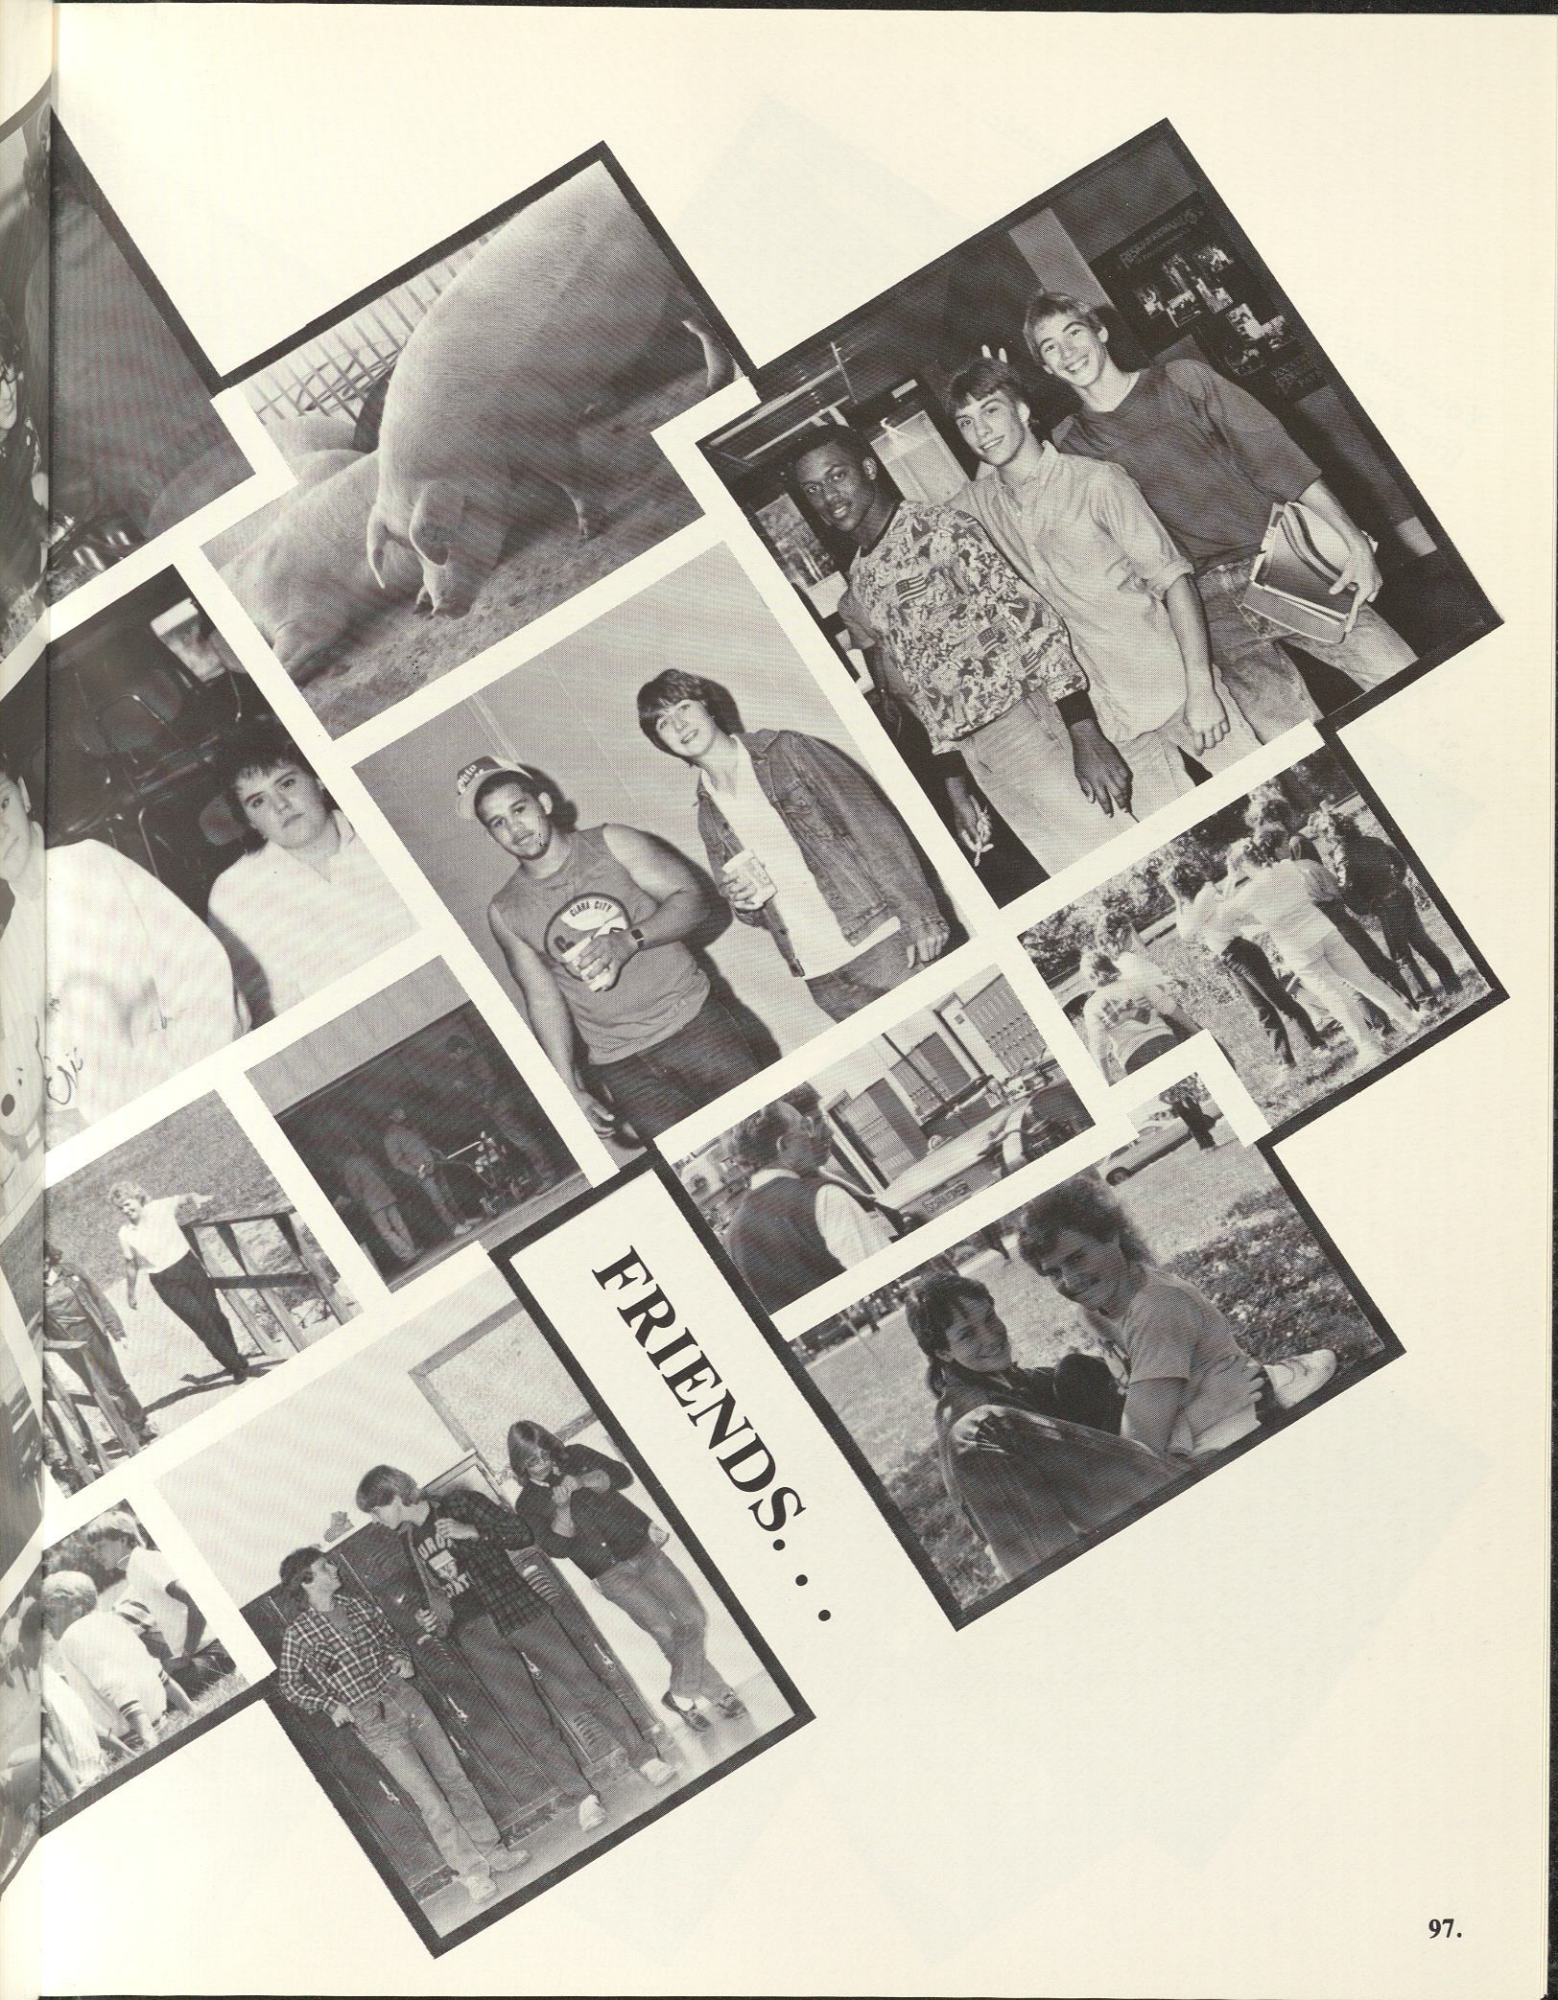

Those who have most to do... will find the most time.

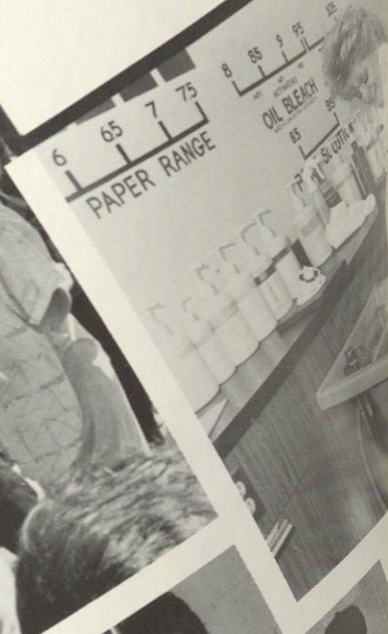

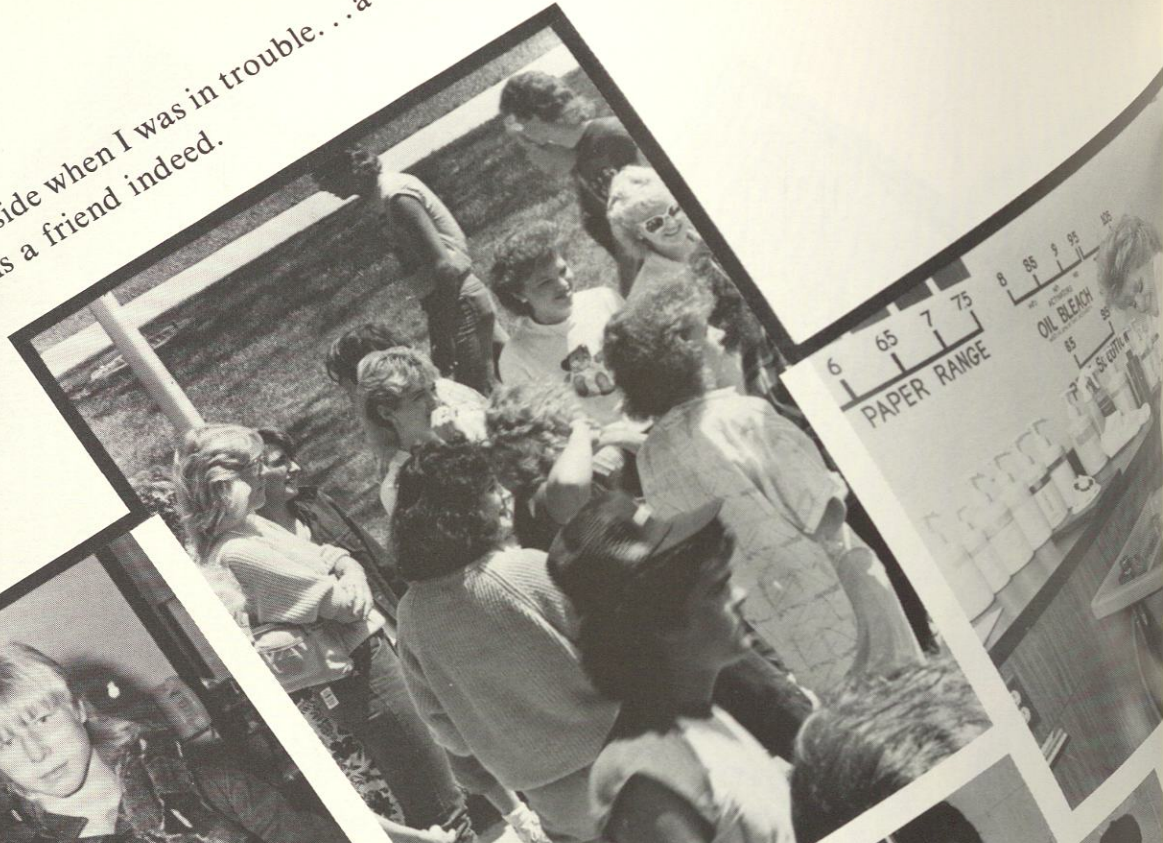

Quickly come , quickly go.

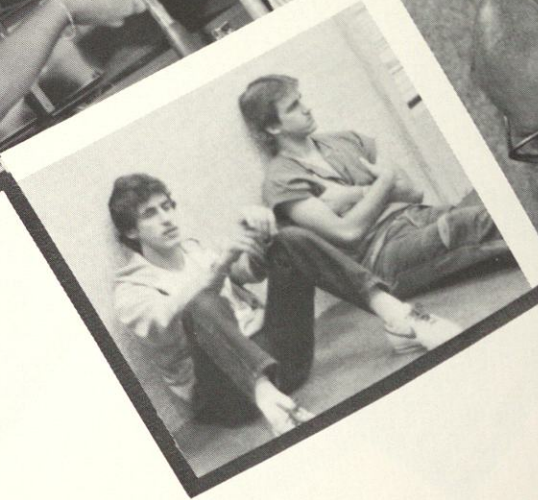

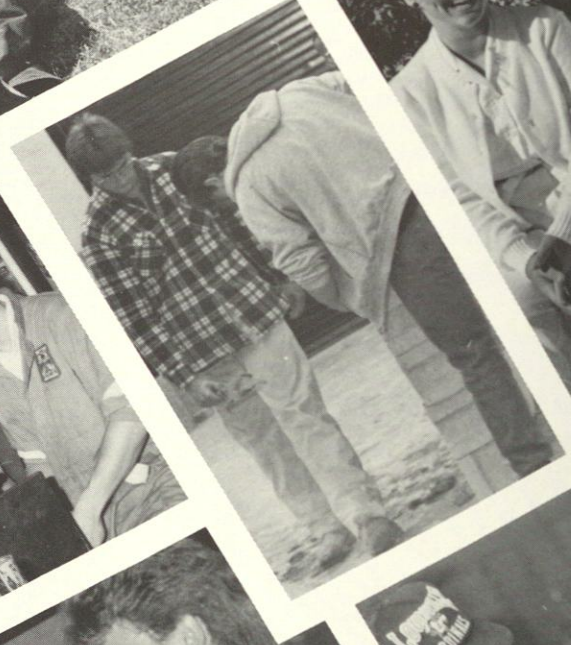

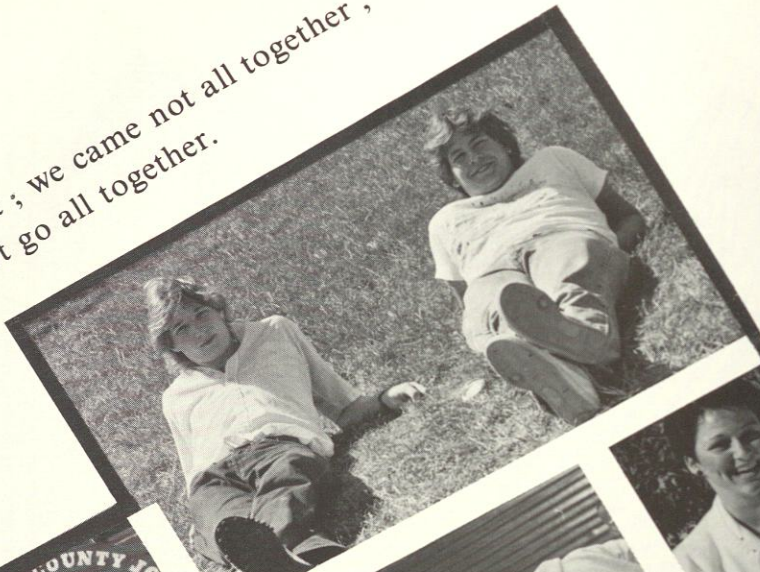

FRIENDS...

You came to my side when I was in trouble... a friend in need is a friend indeed.

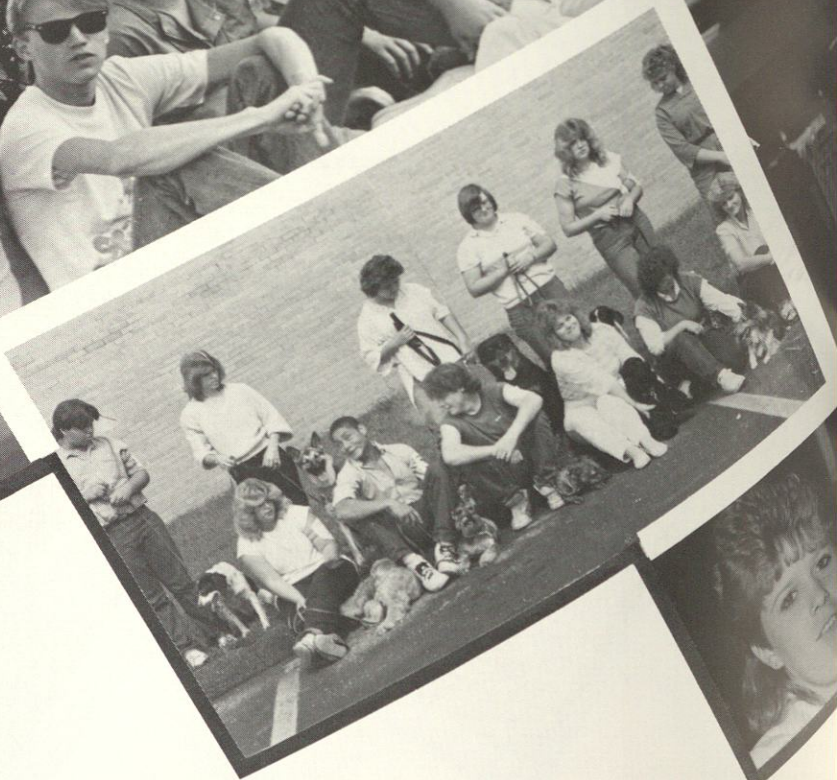

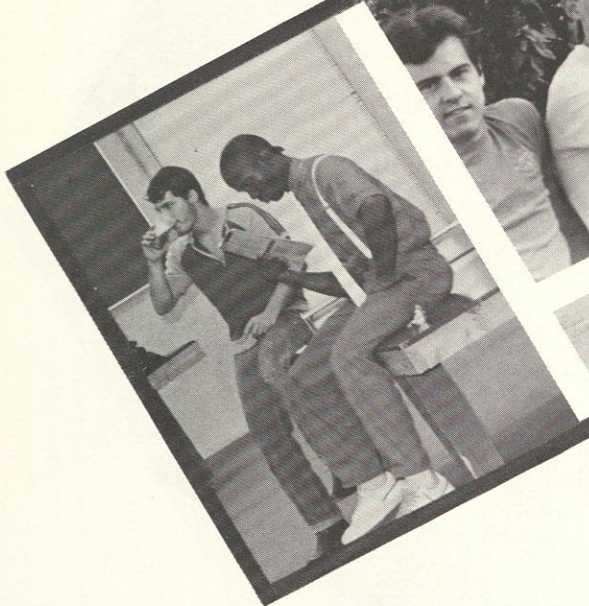

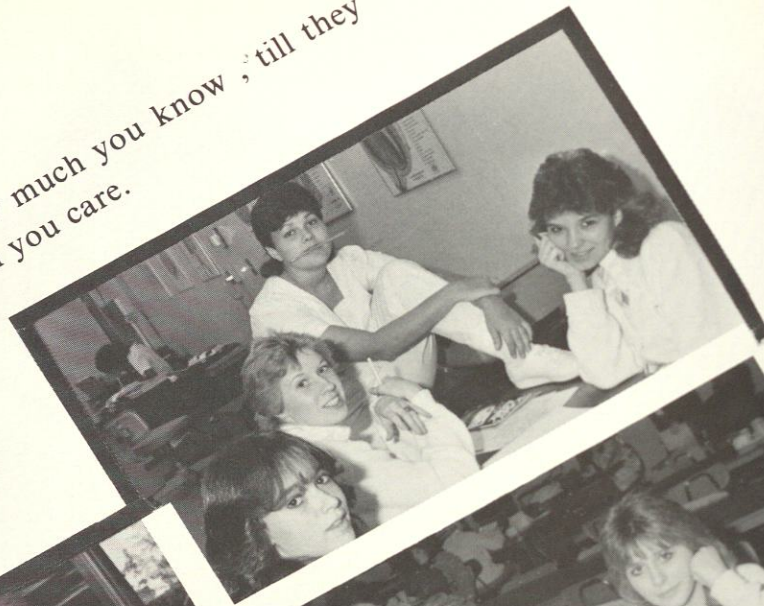

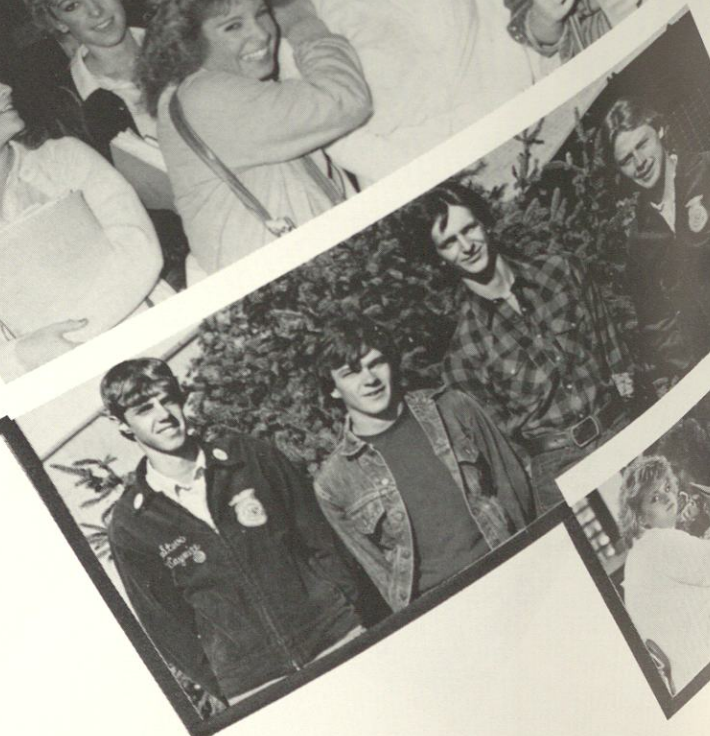

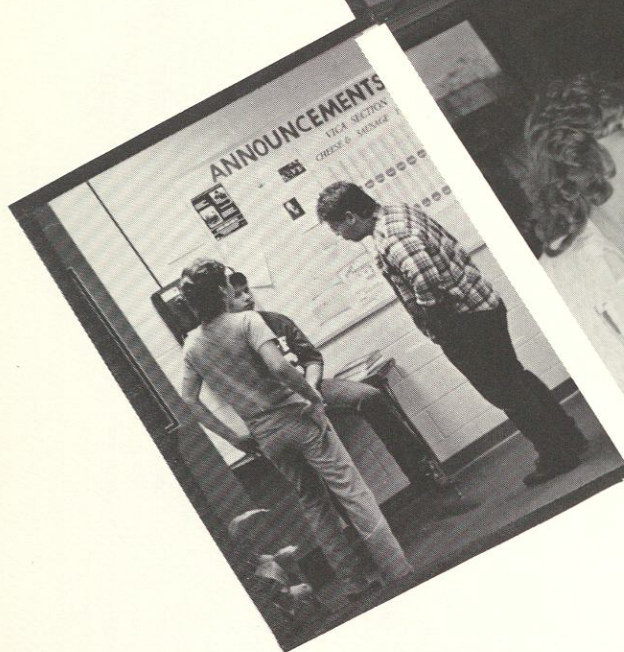

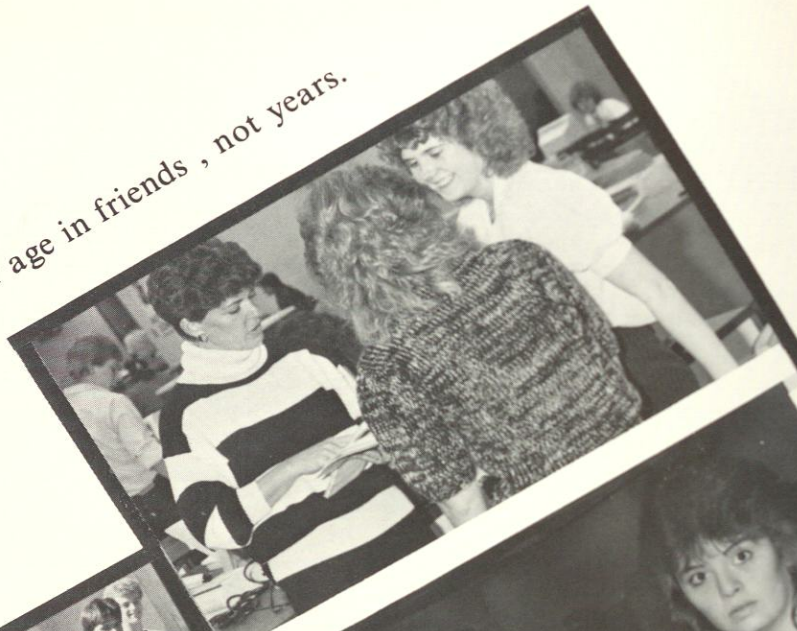

Friends must part ; we came not all together ,
and we must not go all together .

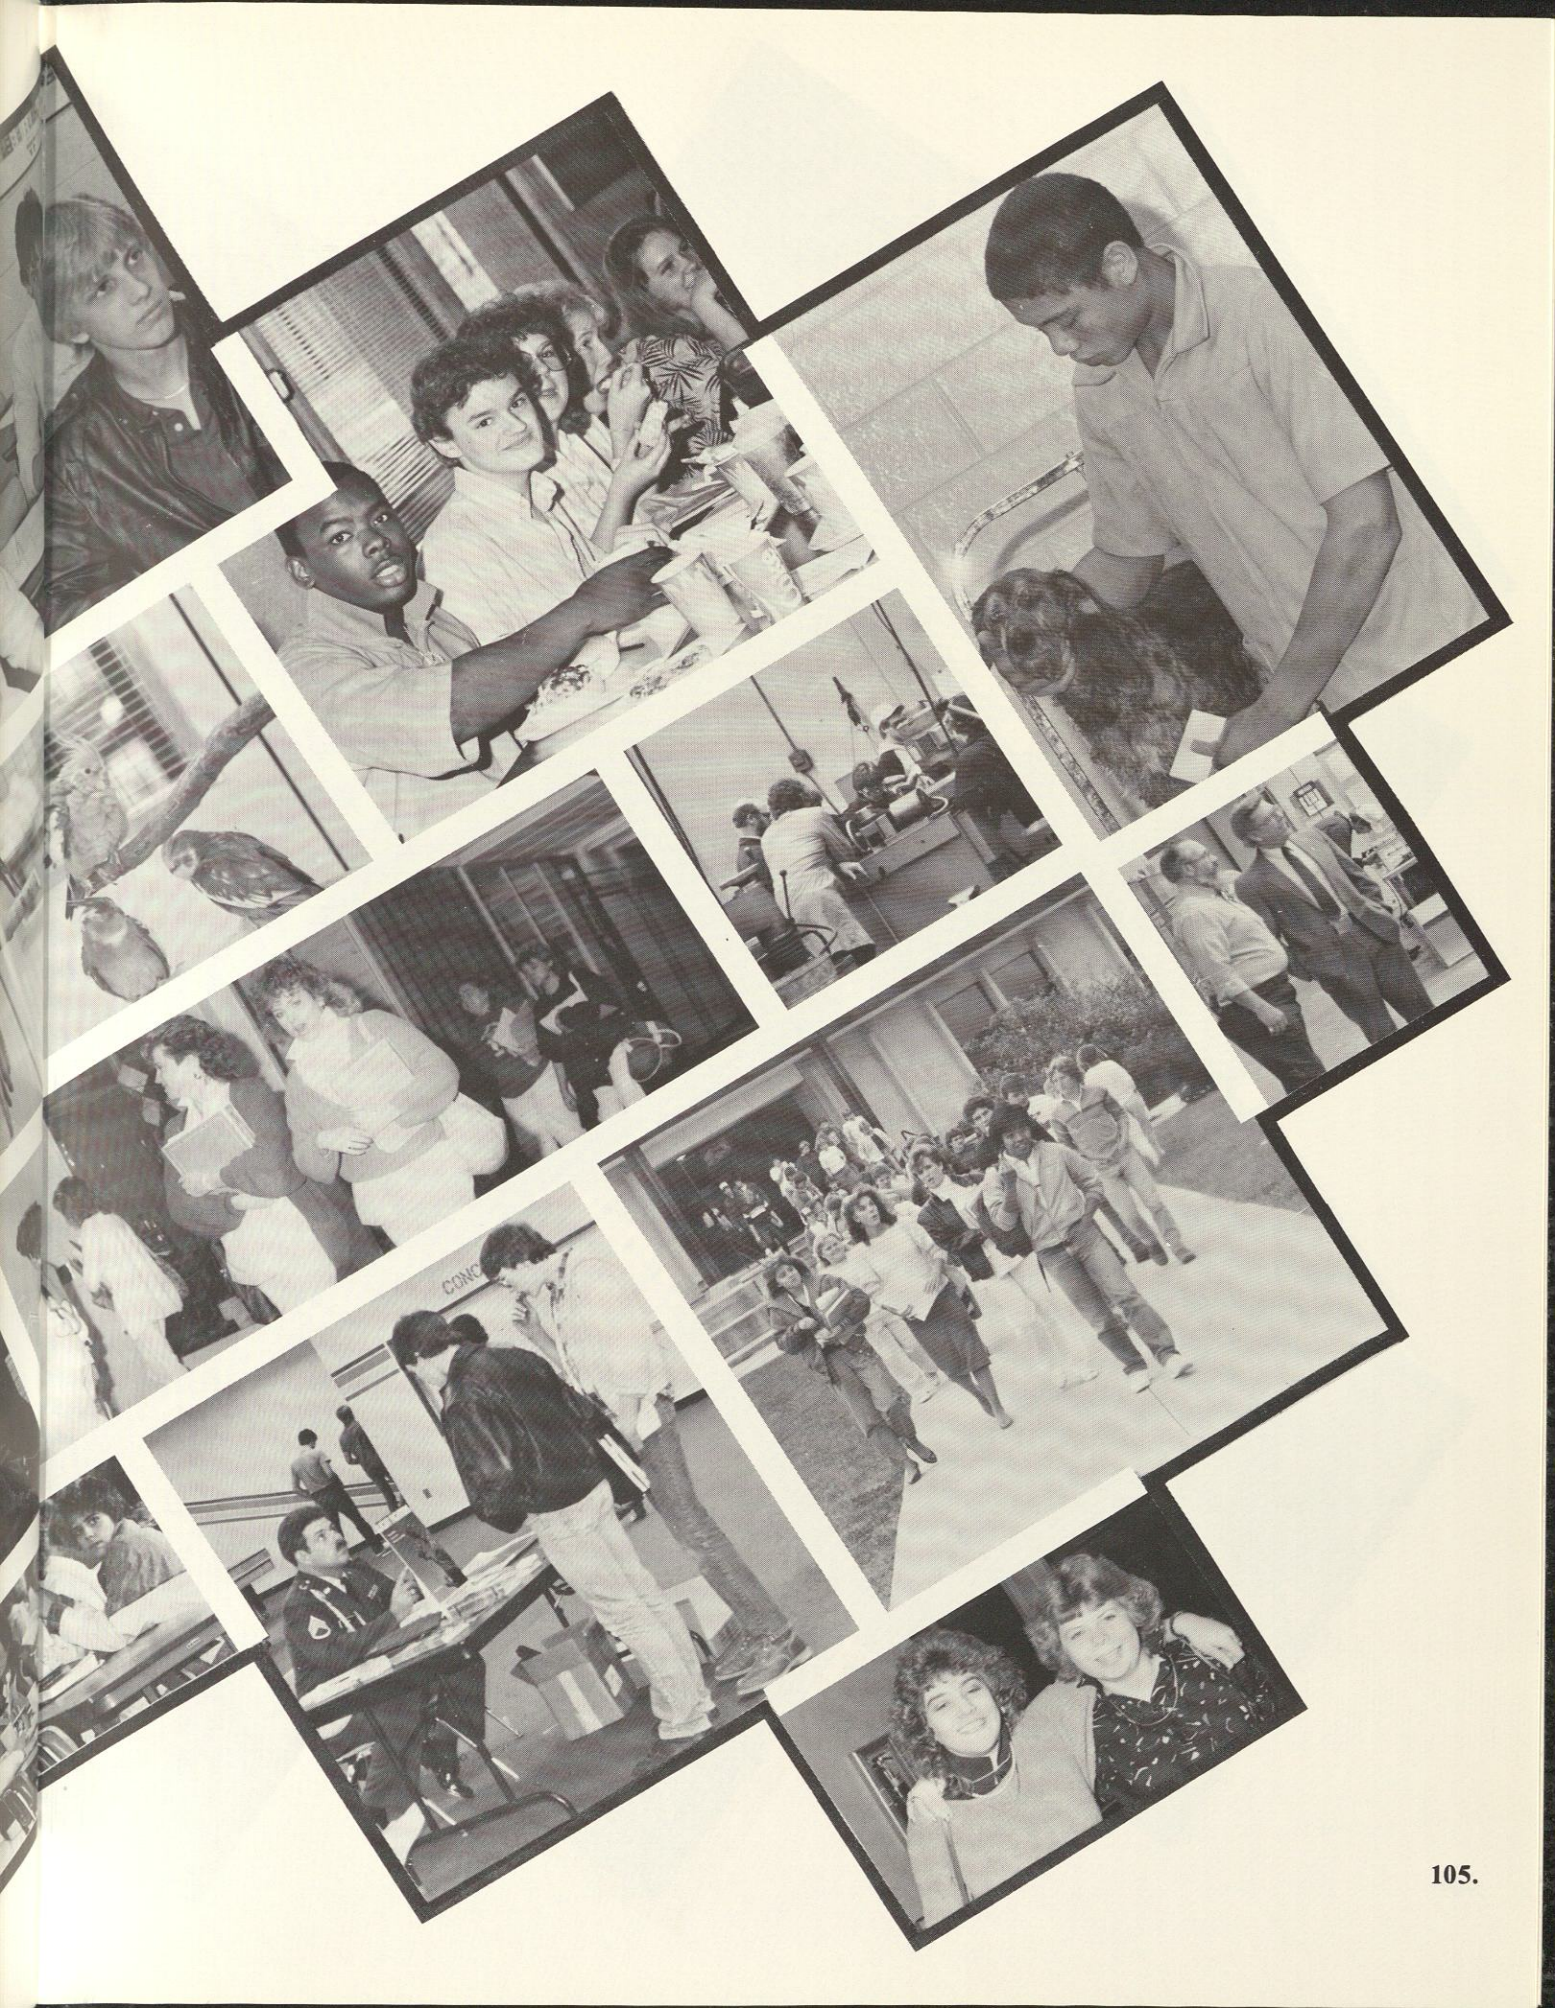

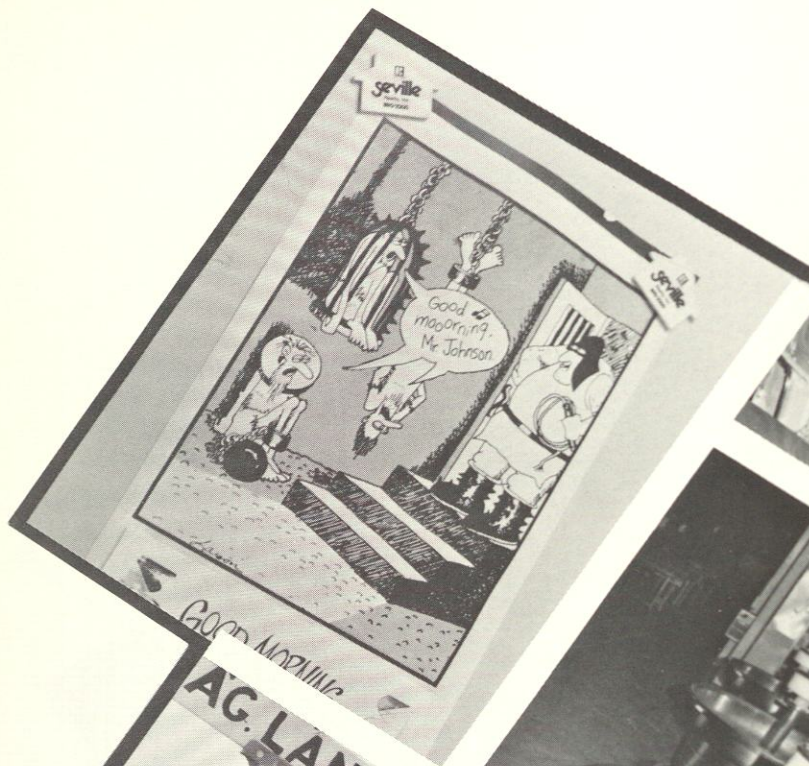

No one cares how much you know ; till they
know how much you care.

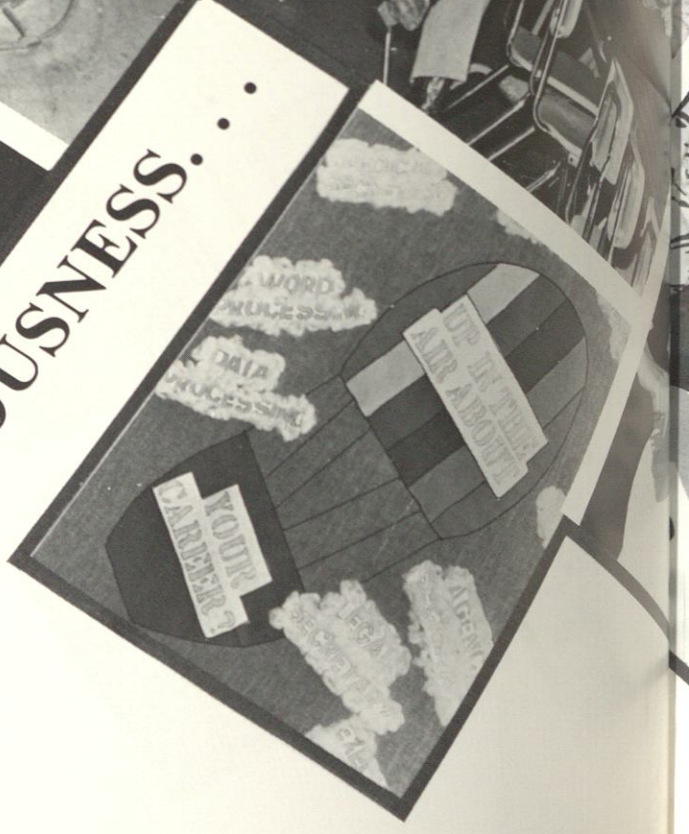

Measure your age in friends , not years.

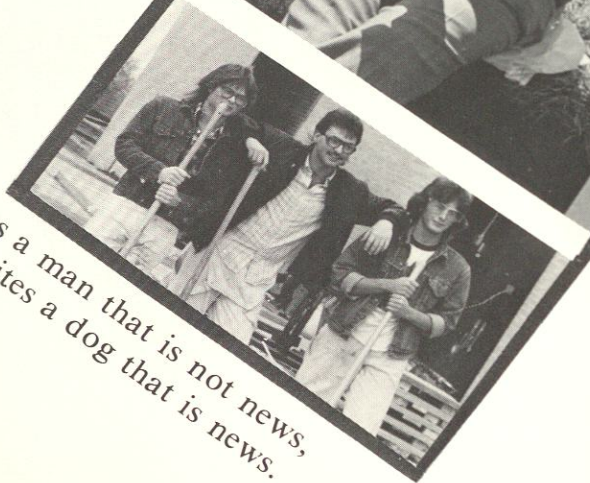

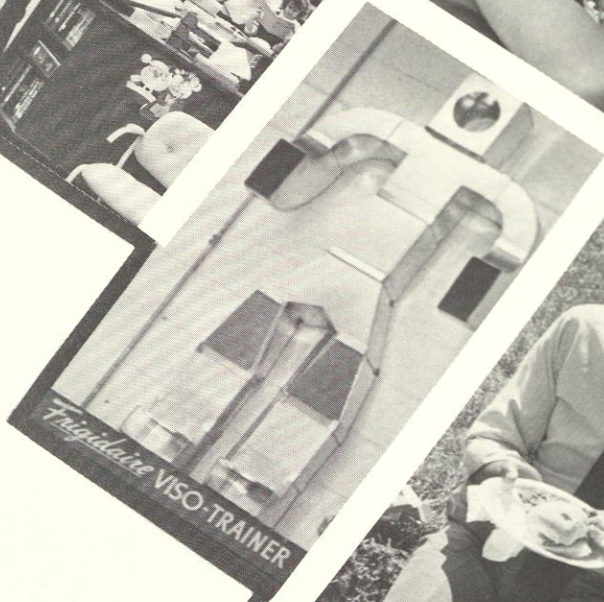

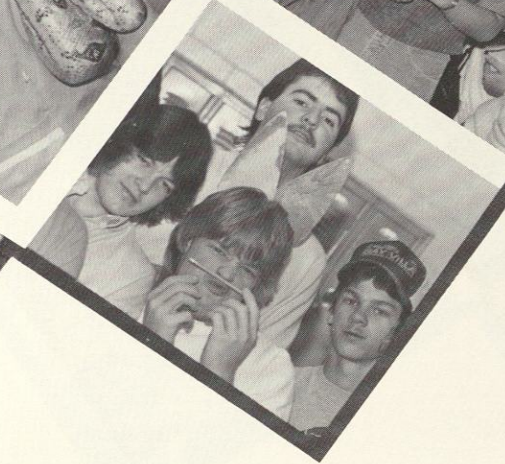

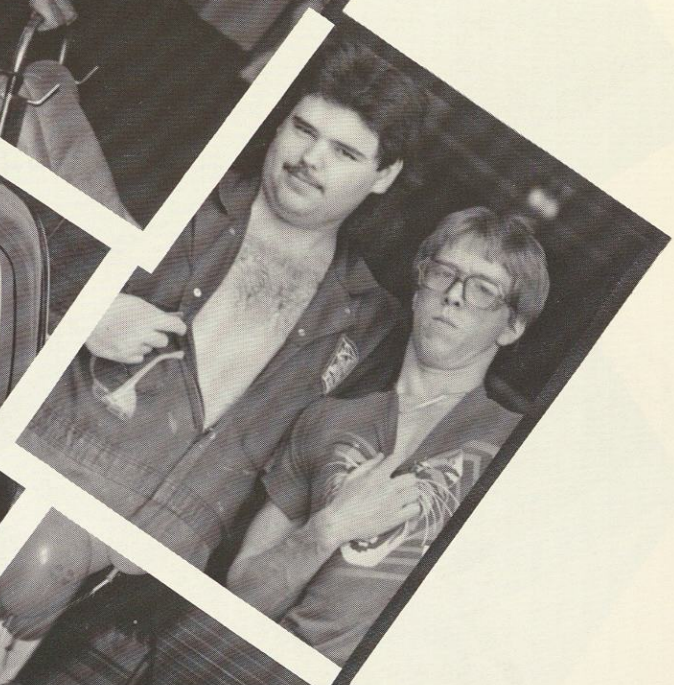

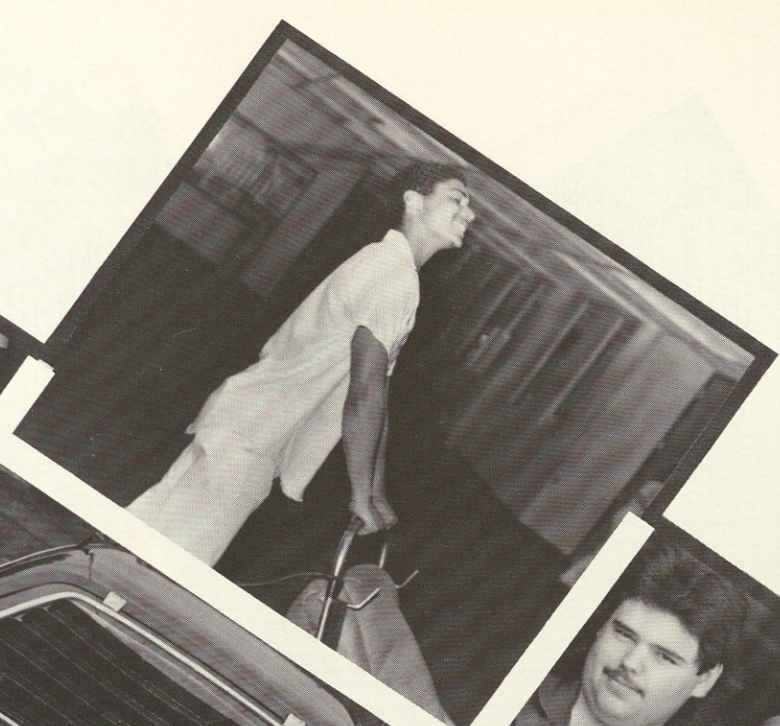

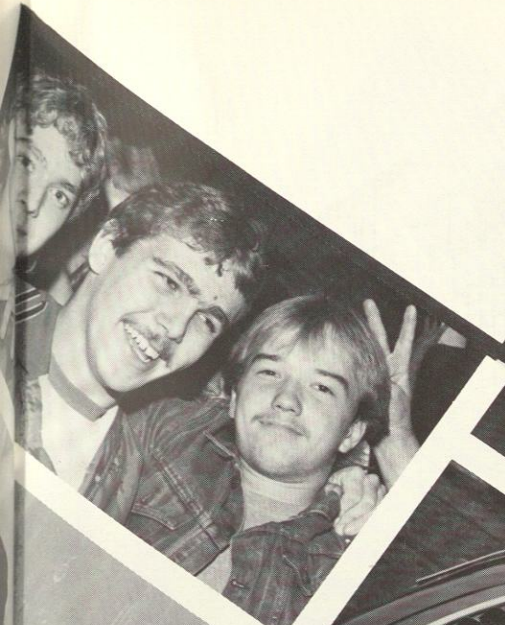

OUTRAGEOUSNESS...

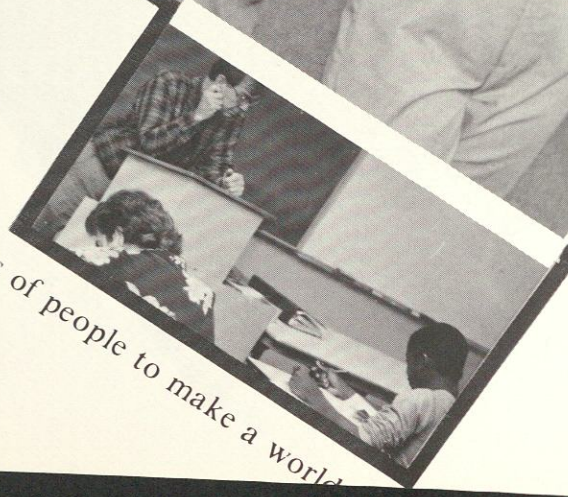

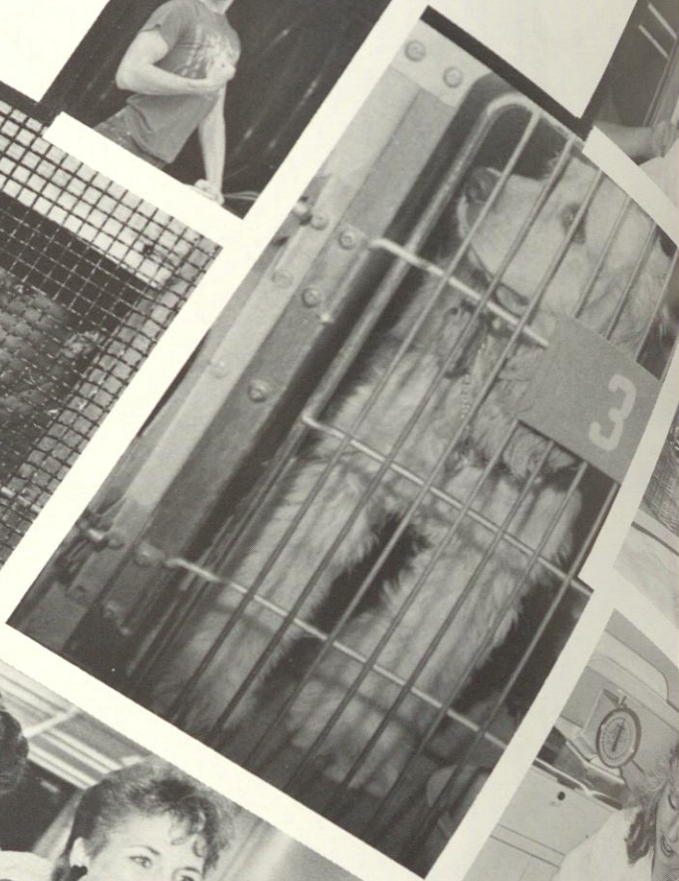

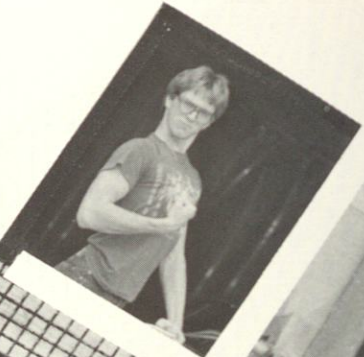

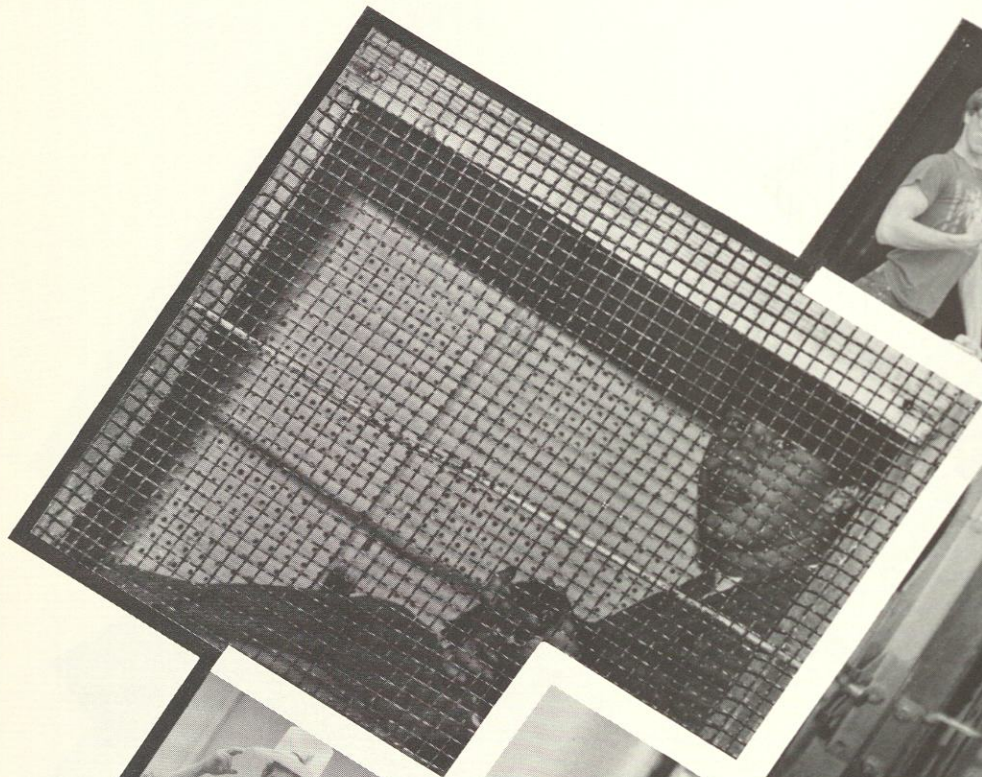

When a dog bites a man that is not news,
but when a man bites a dog that is news.

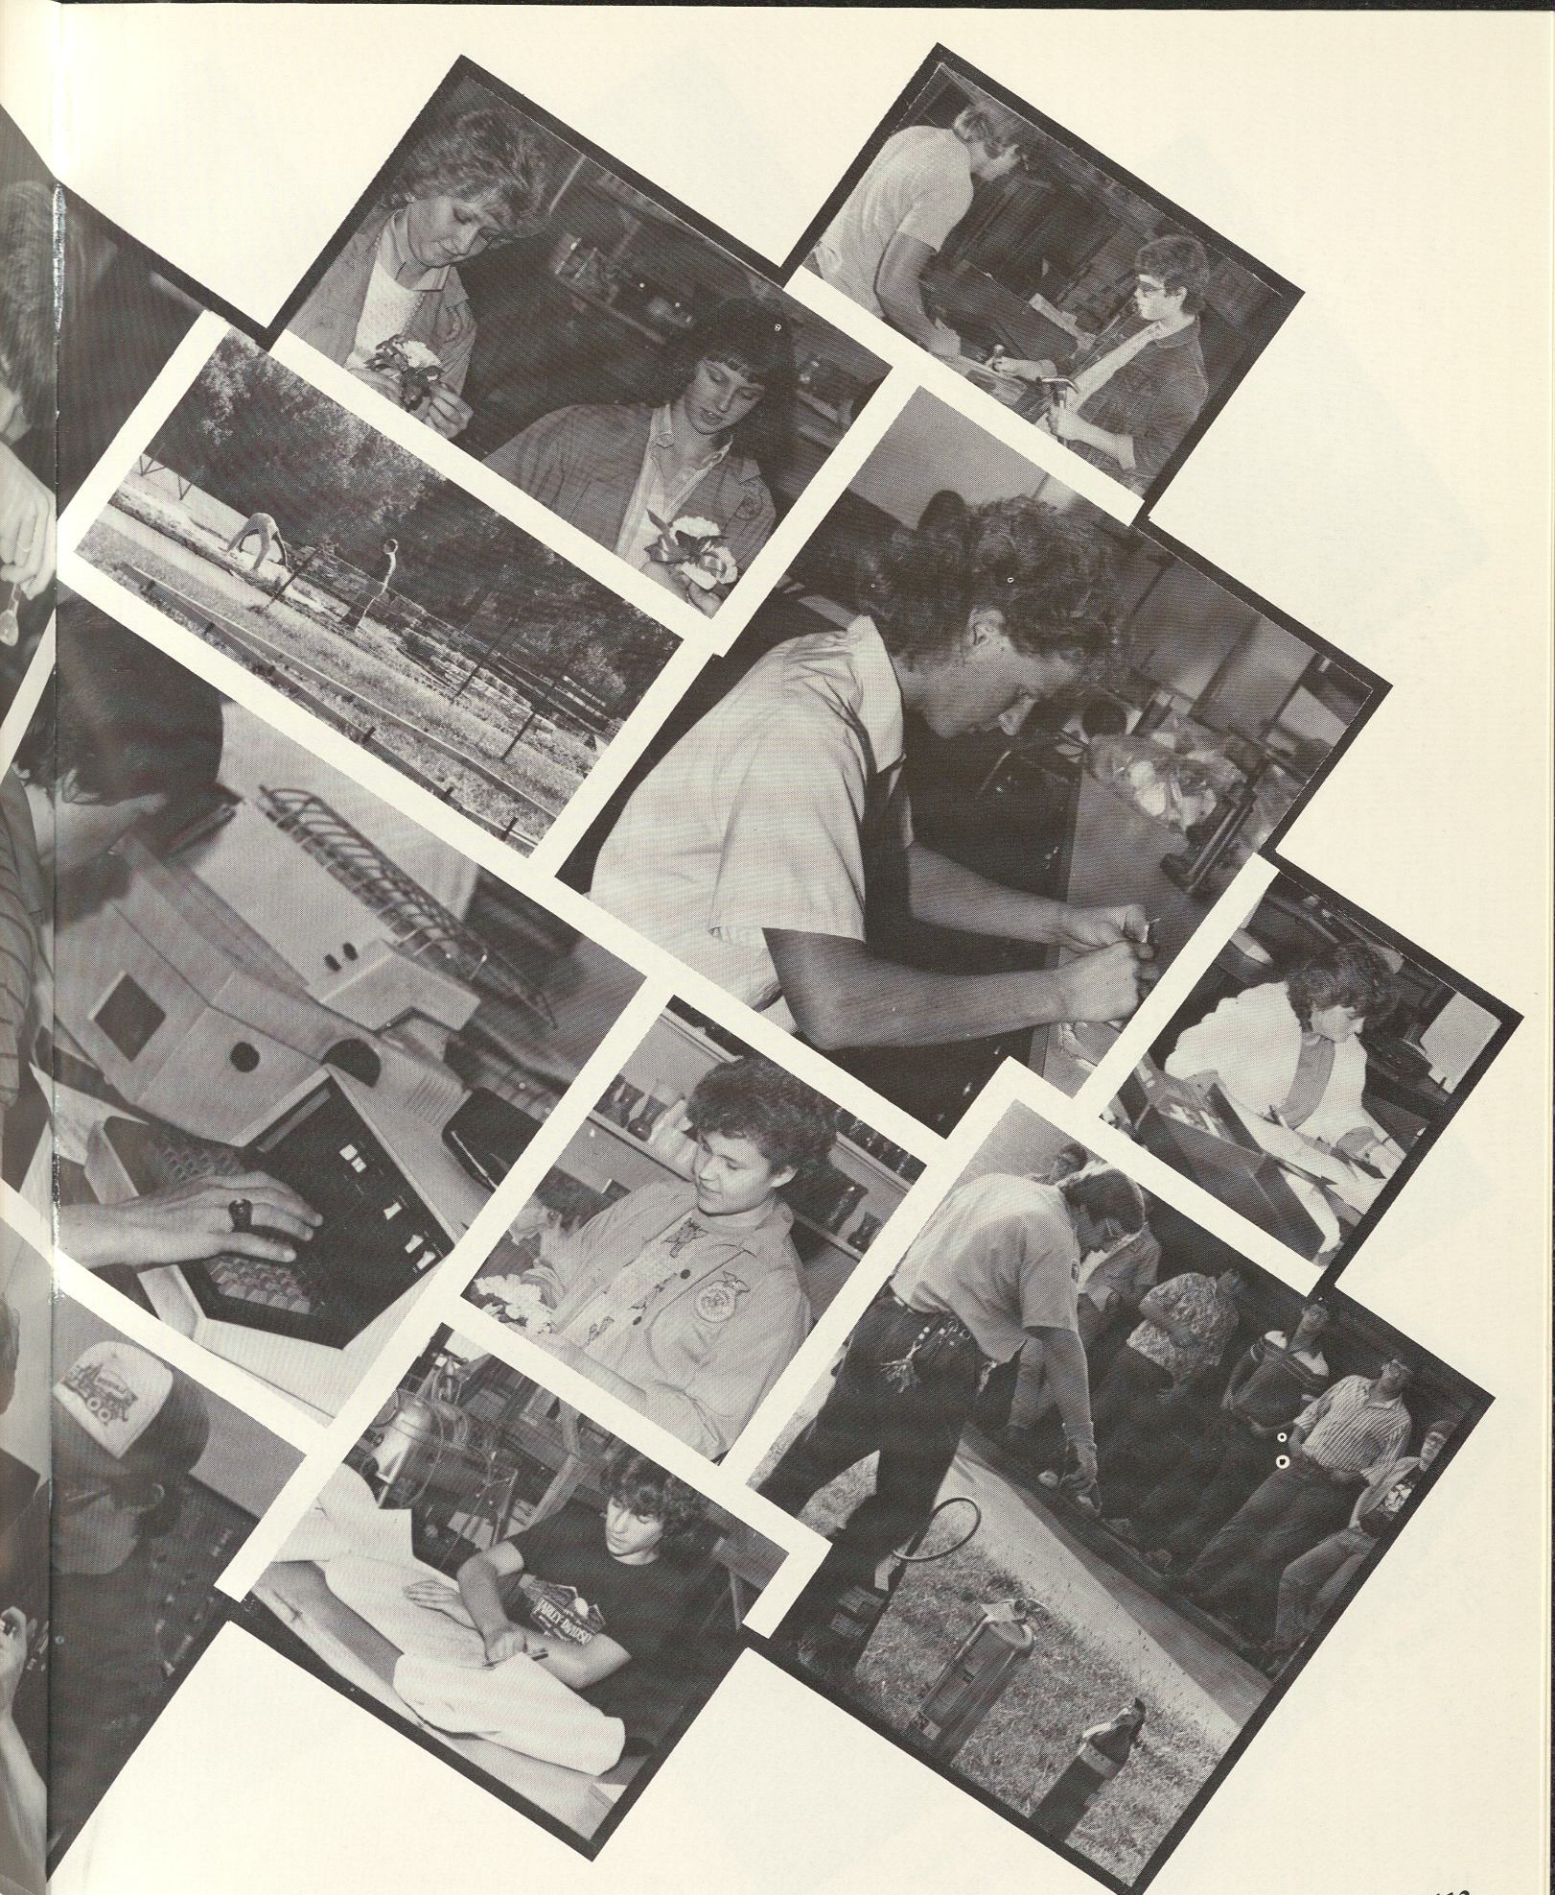

5. It takes all sorts of people to make a world

DEDICATION...

To succeed means that we leave the world a little better than we found it.

When a winner makes a mistake, he says, "I was wrong"; when a loser makes a mistake, he says, "It wasn't my fault."

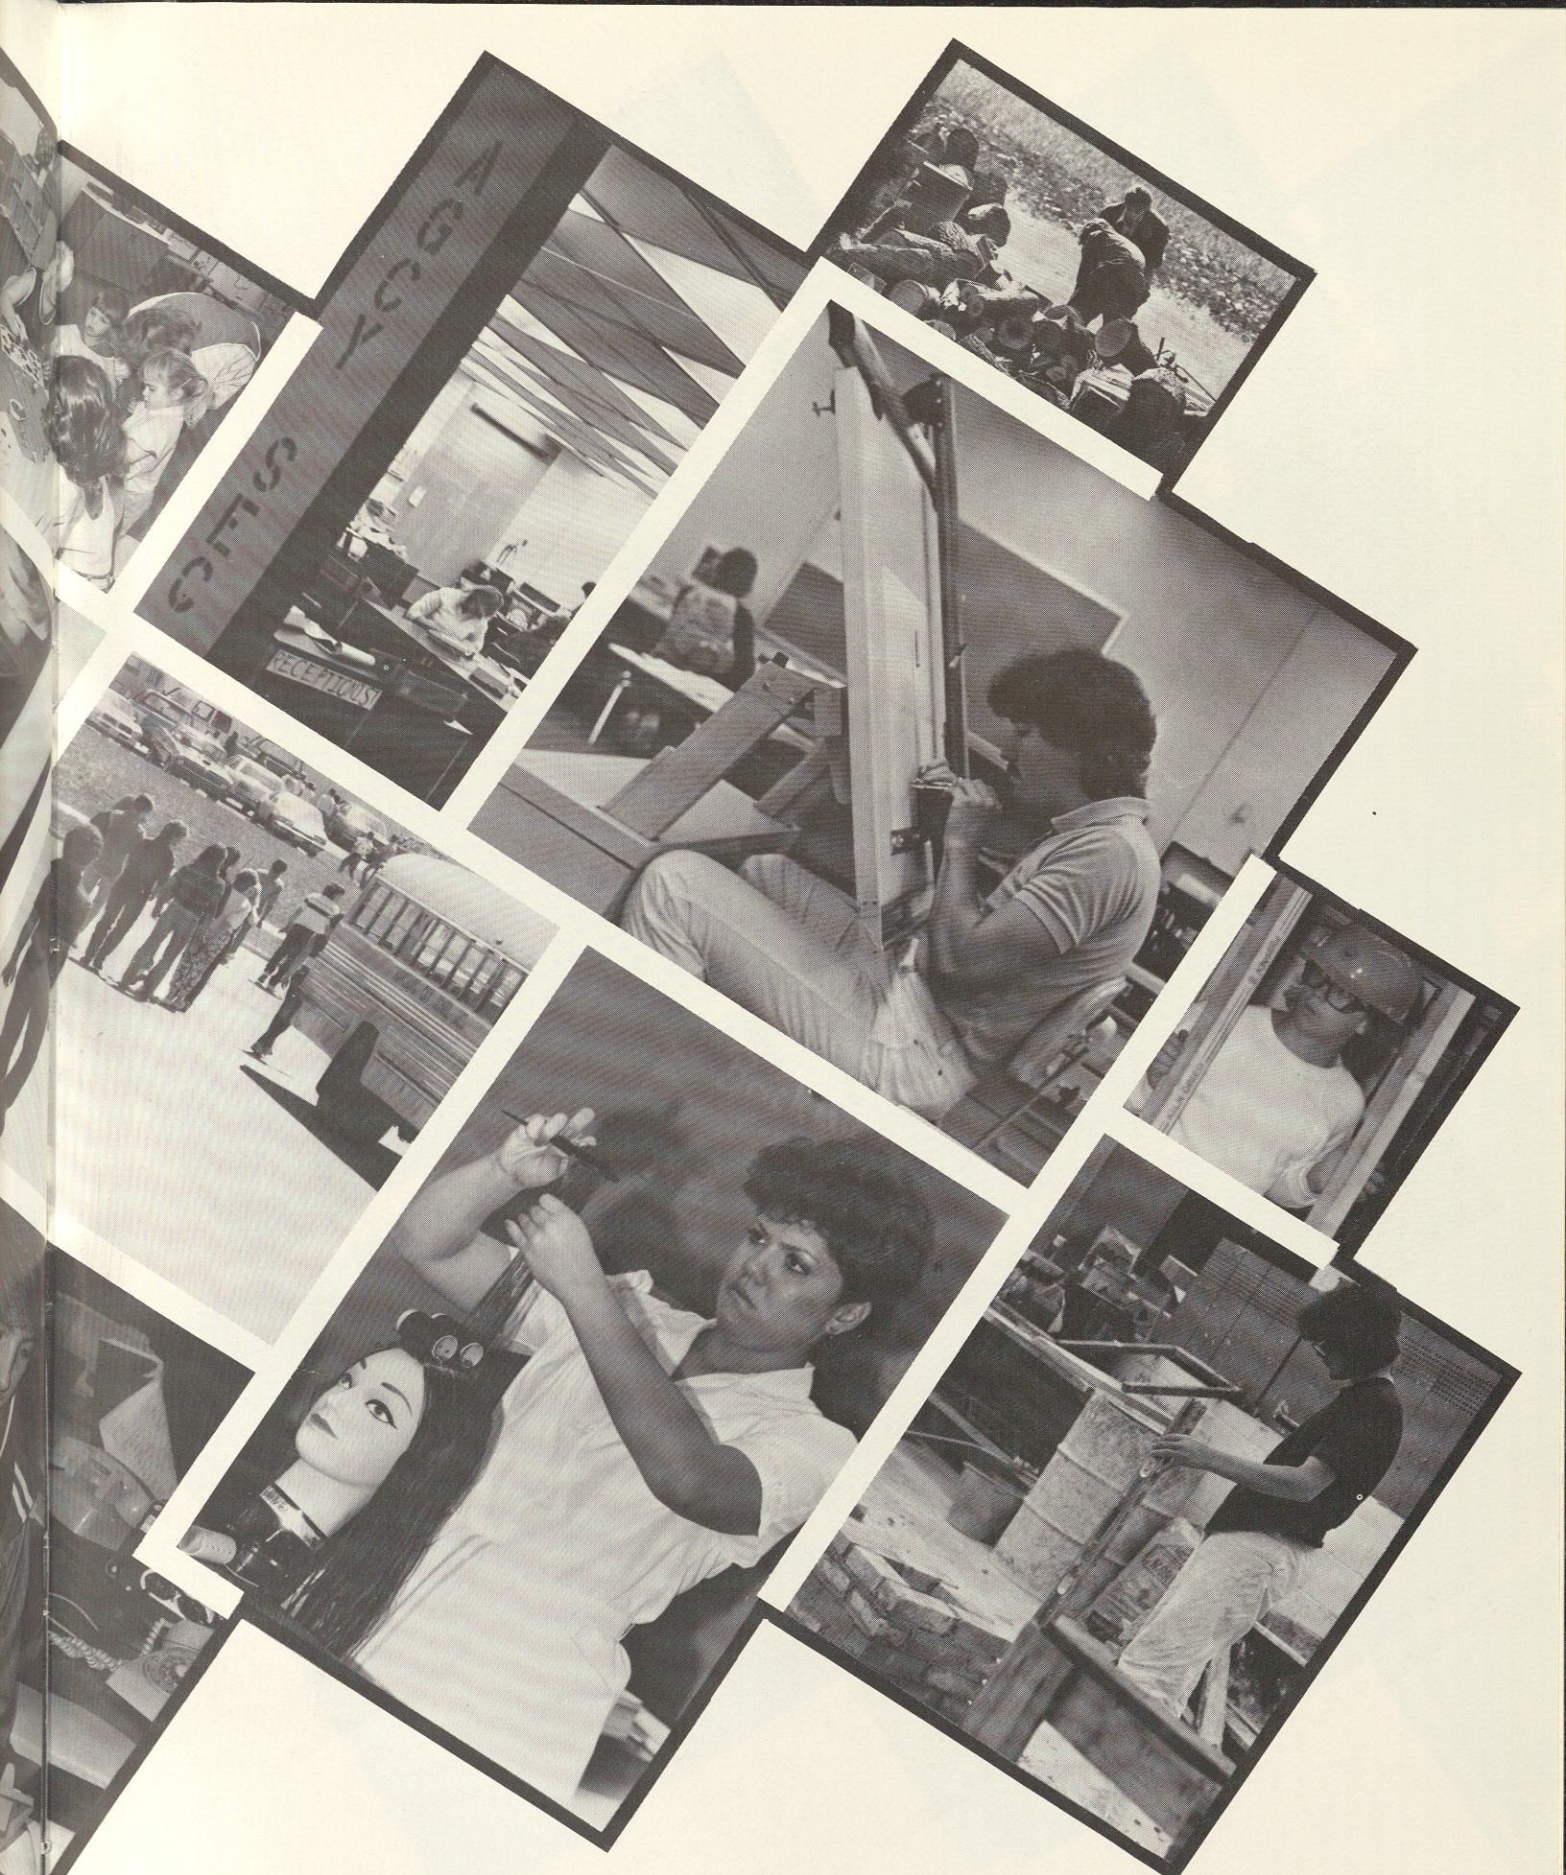

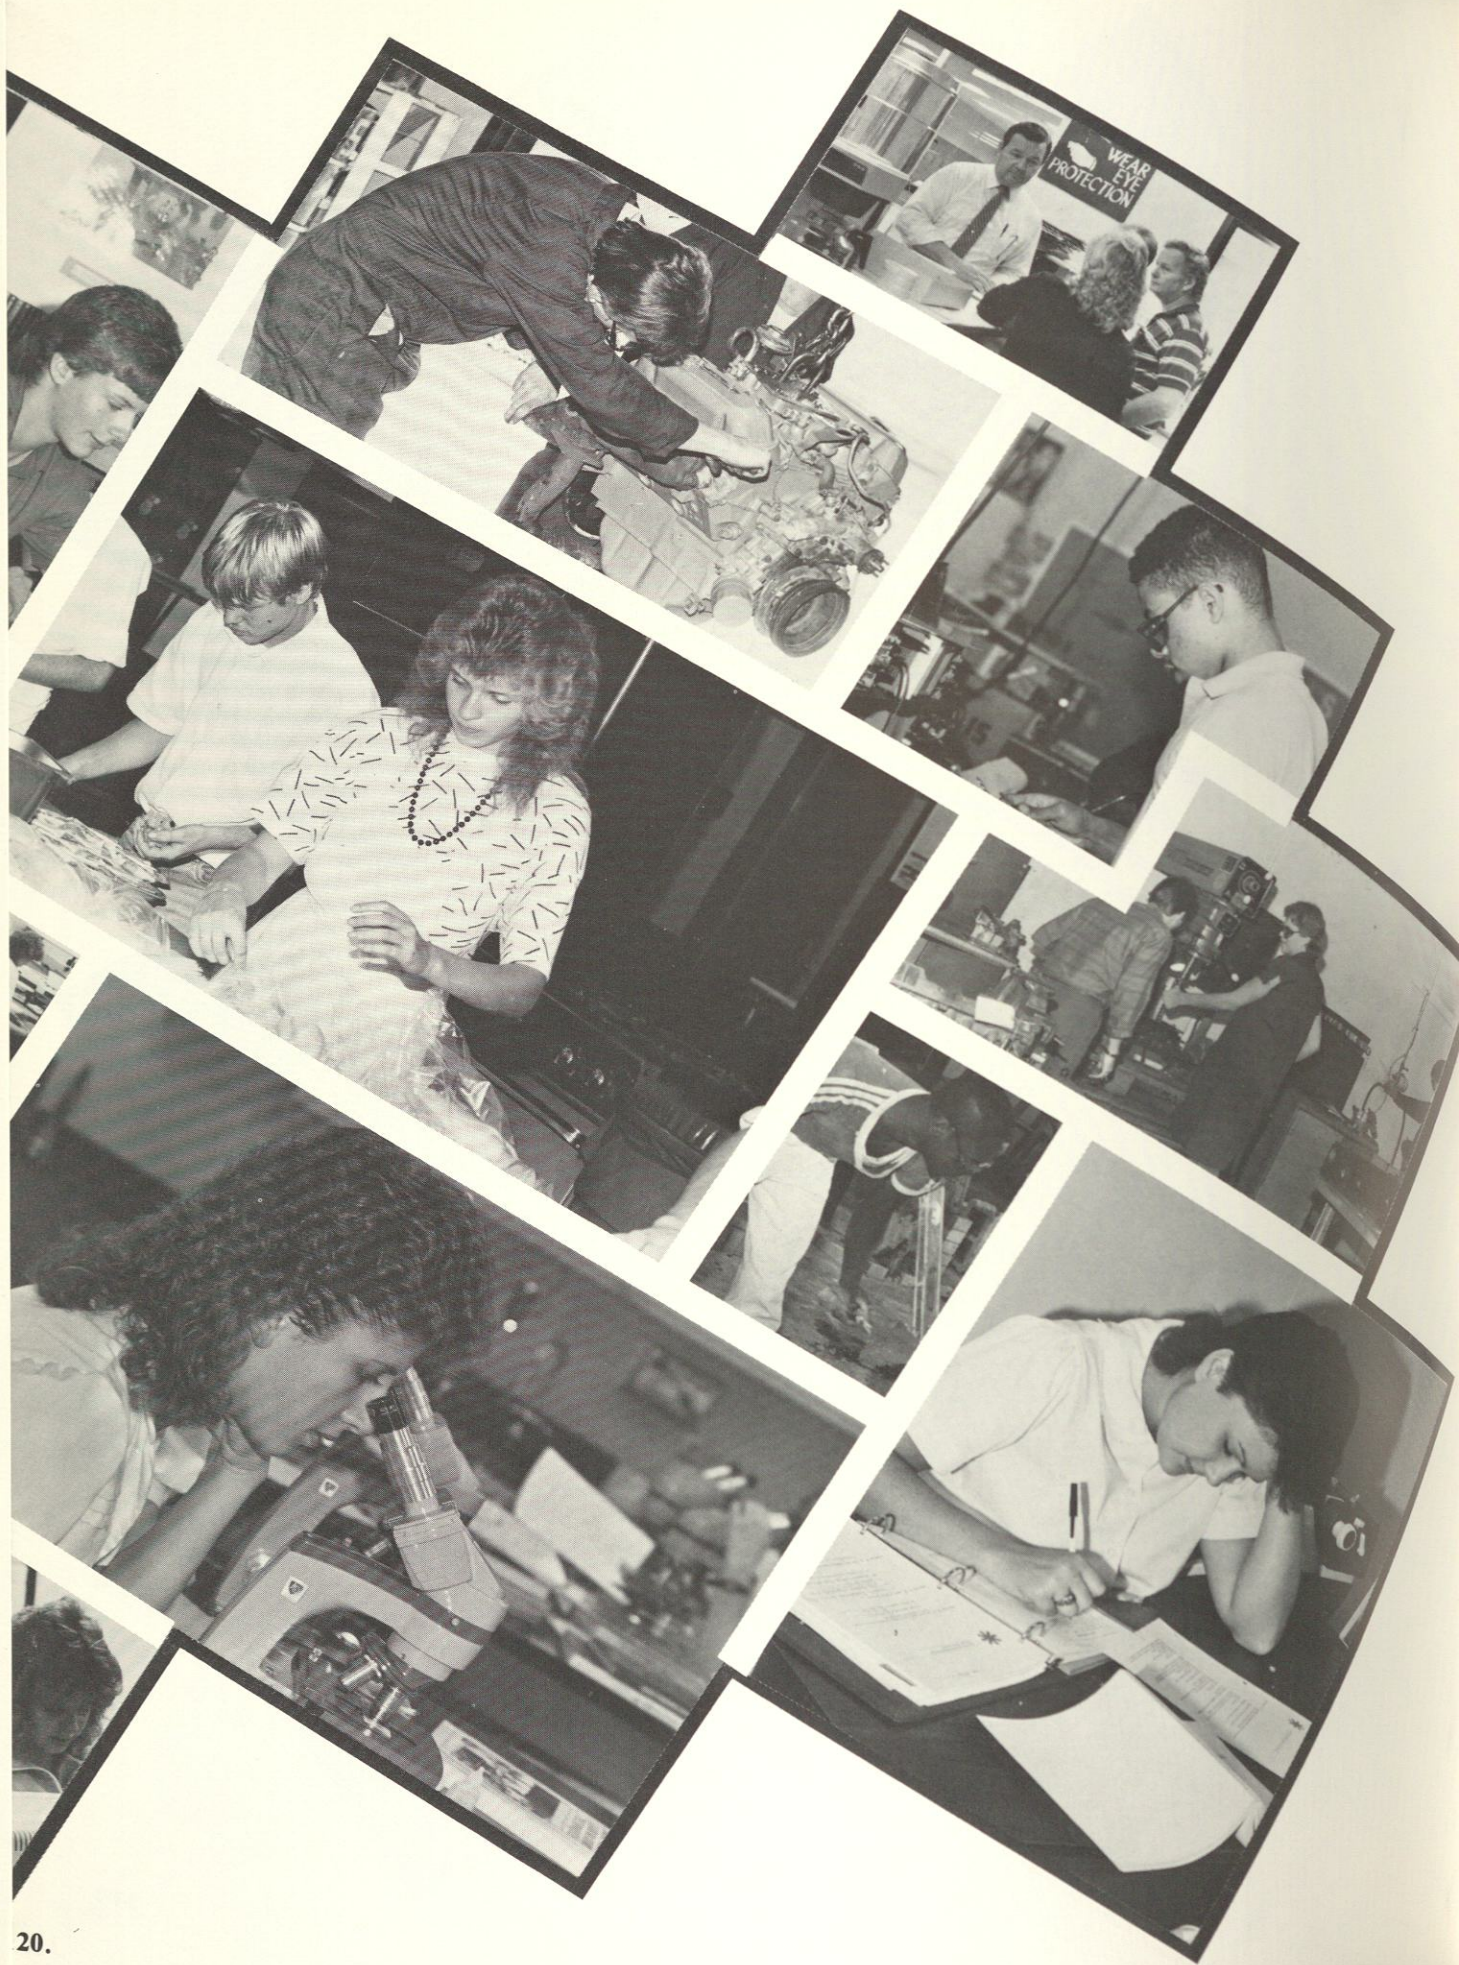

Give credit where credit is due.

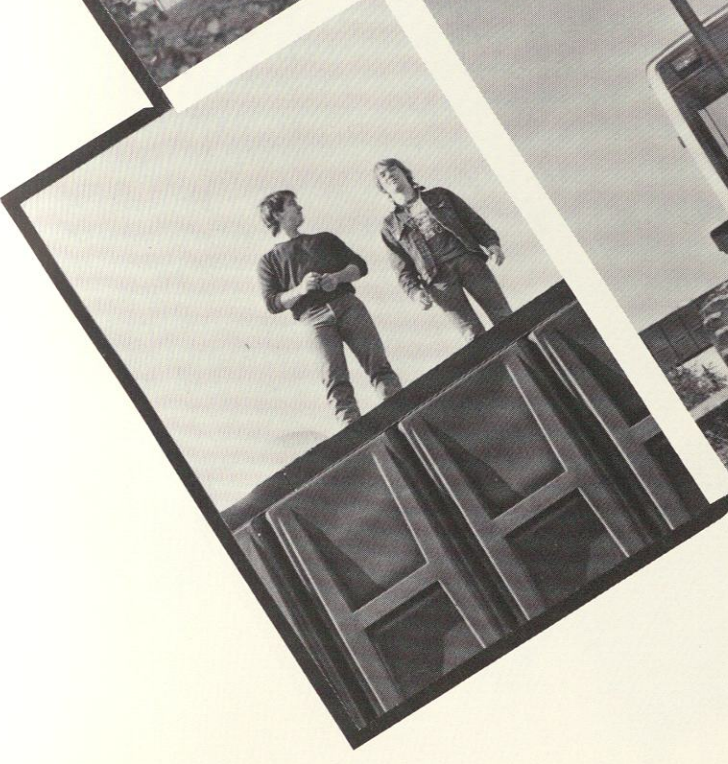

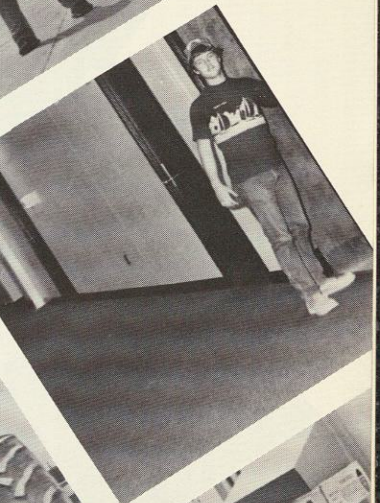

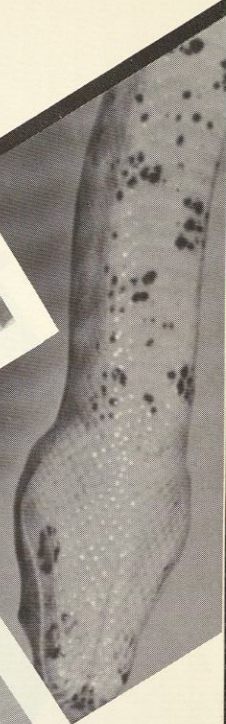

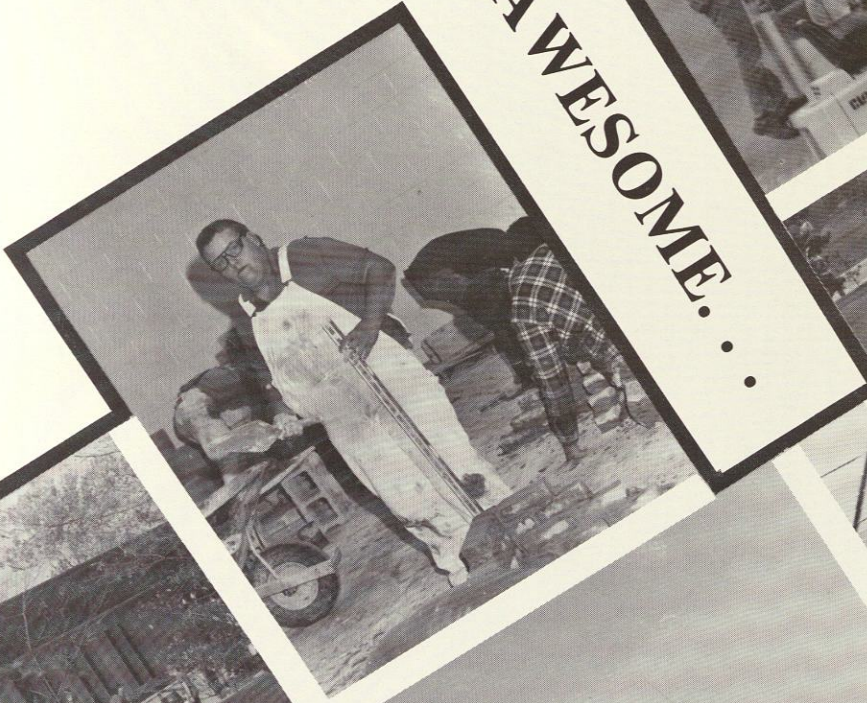

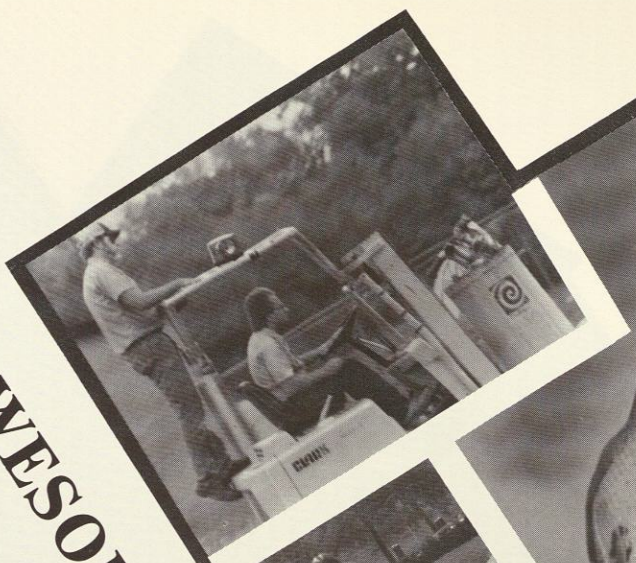

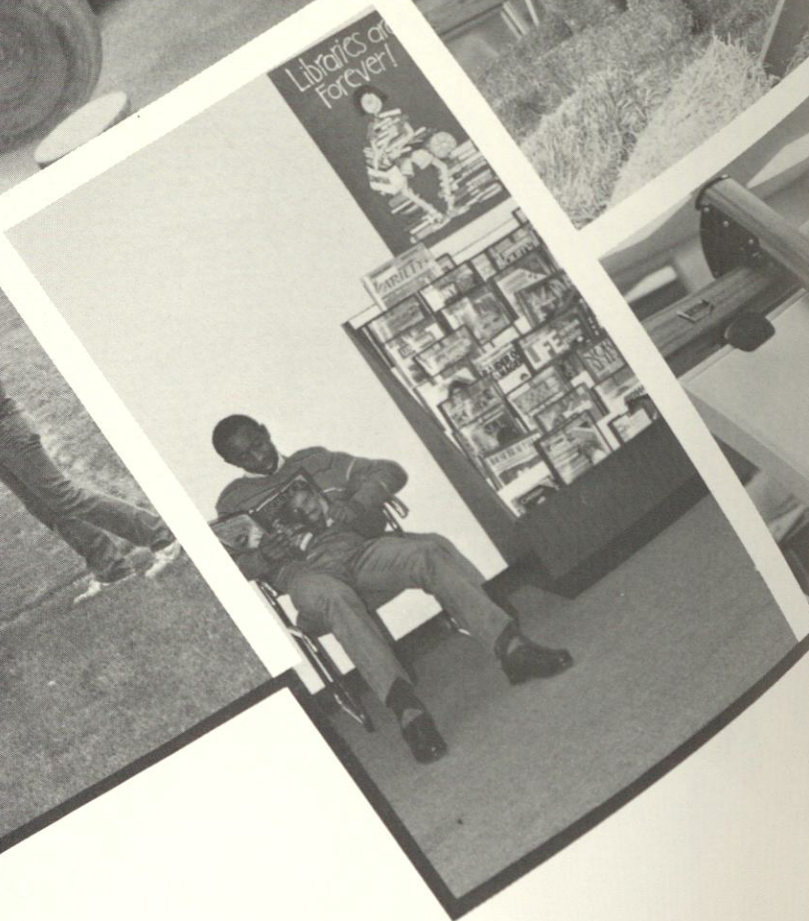

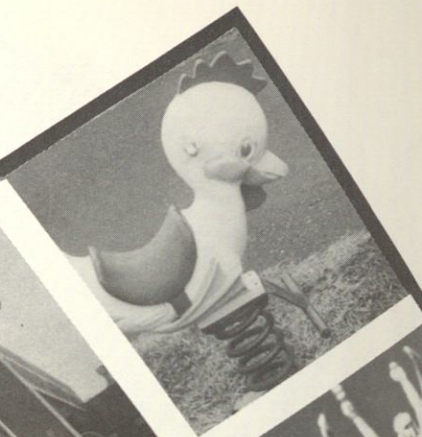

Each man has his own vocation.
The talent is the call.

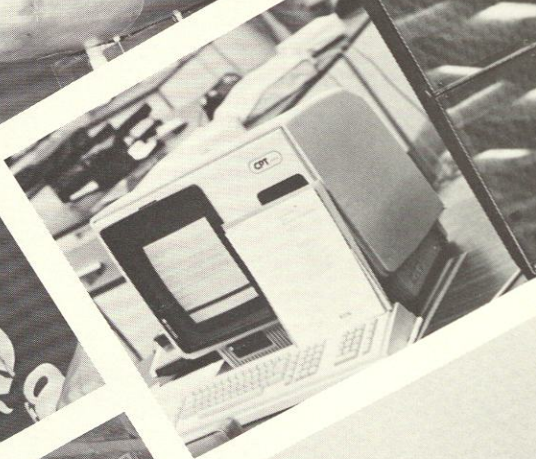

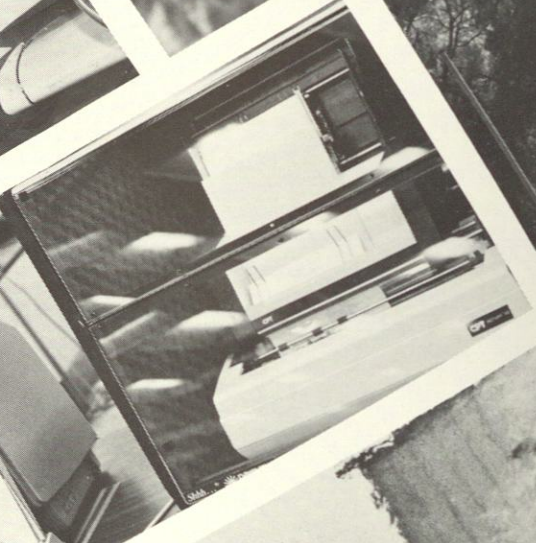

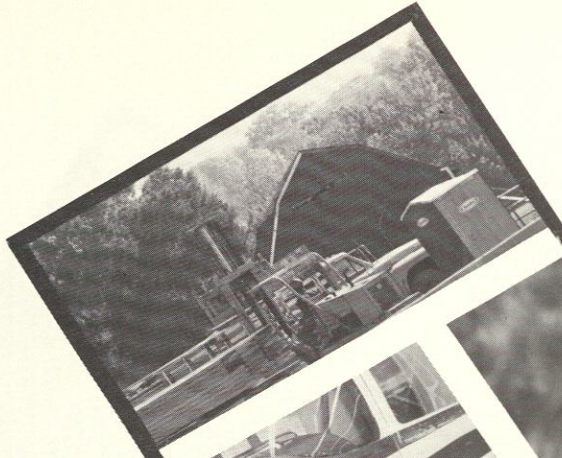

A WESOME...

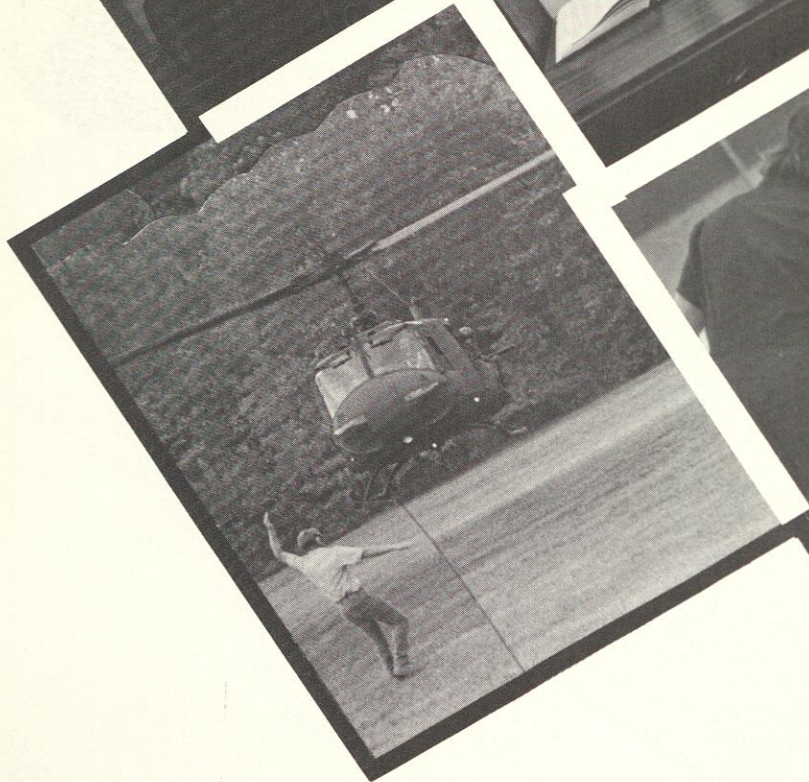

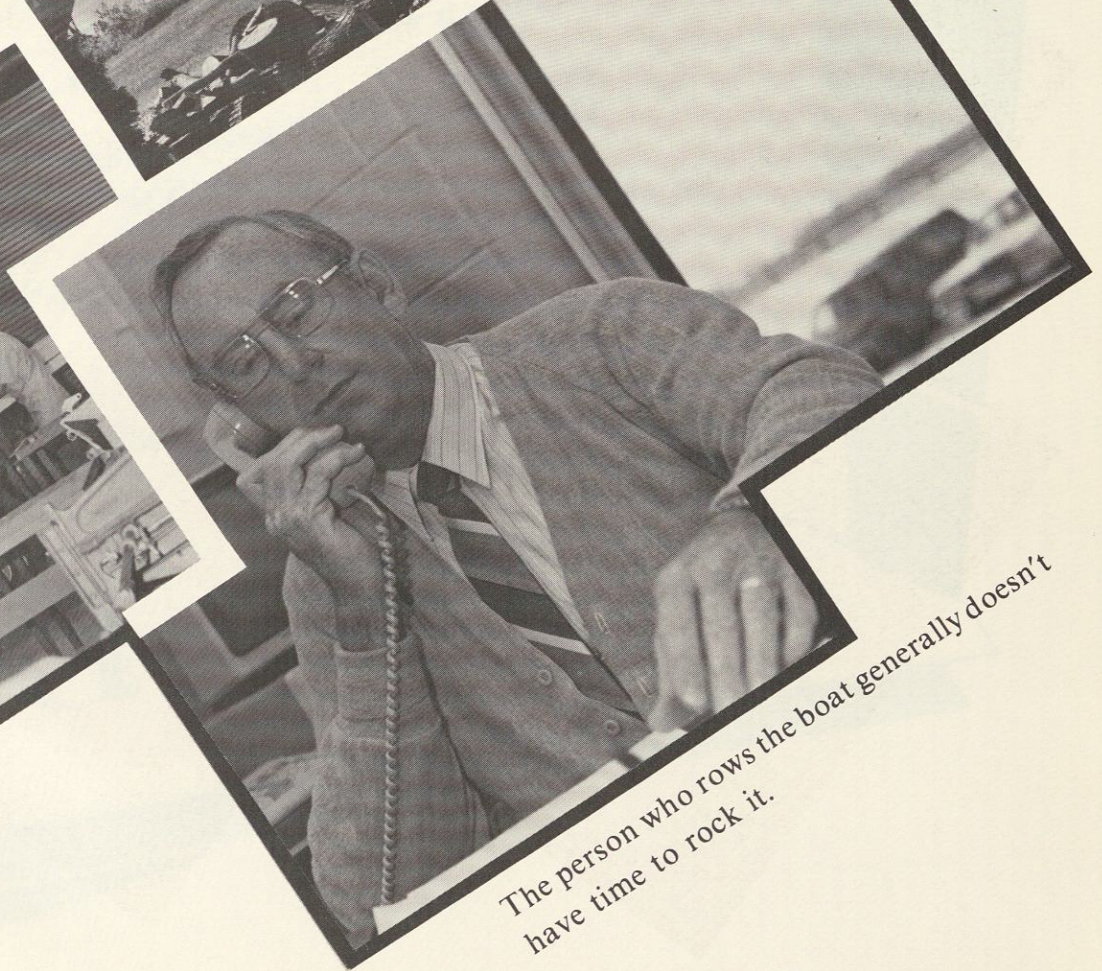

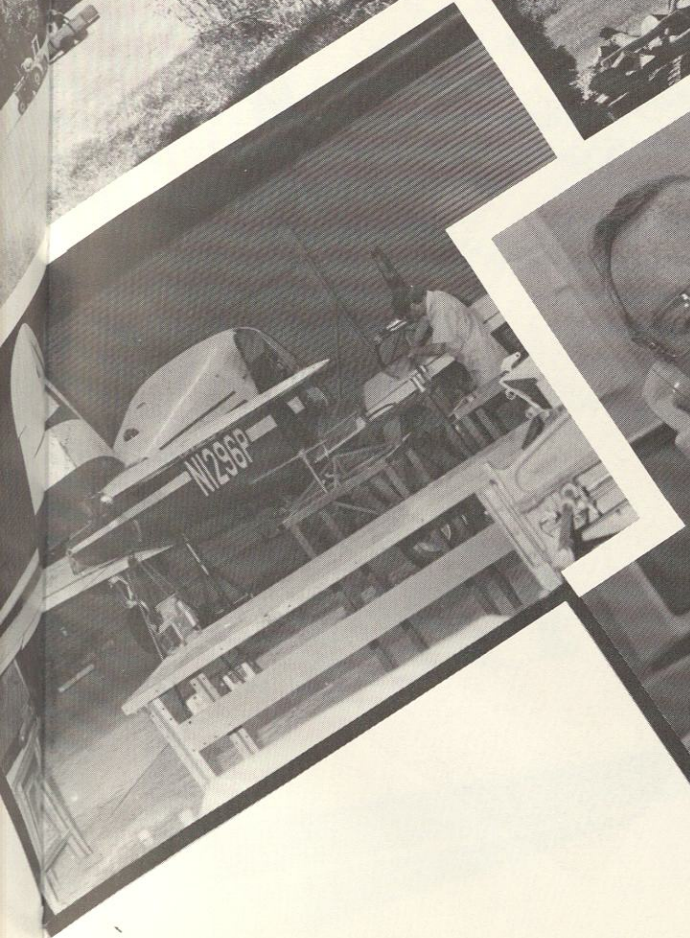

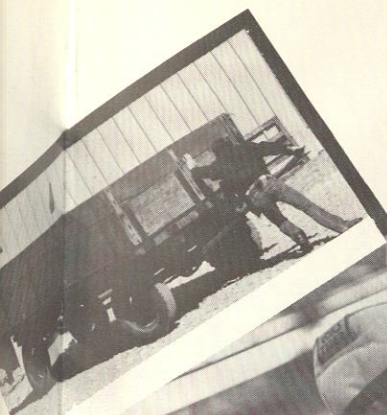

If you can't change the direction of the wind,
you can adjust your sails.

An optimist is someone who tells you to cheer up when things are going his way.

The person who rows the boat generally doesn't have time to rock it.

The End of the Beginning

The end of school has come at last
When you can look at 12 years past.

The school will change once you're gone
And you will be looking on a new dawn.

The friendships you made are in your heart
And the feelings are sad as you depart.

But the world is now in your hands
And Mom is worried about your plans.

Now you know what a teacher is for
They helped to let your mind soar.

So remember the ones that are "close to heaven"
The almighty classes of '86 & '87.
