Butler Aviator

*Myron Norton*

MR. JOHN E. SMITH

## DEDICATION

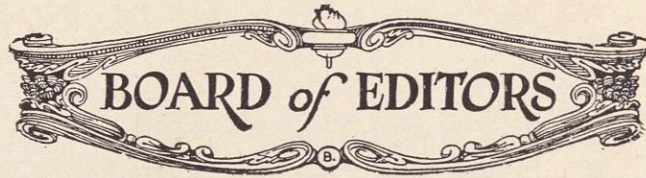

We respectfully dedicate this annual to Mr. John E. Smith to whose influence as a scholar, a teacher and a friend the class of '31 is deeply indebted.

## APPRECIATION

We wish to thank all those who co-operated to make this annual possible—especially the business men who advertised so generously.

## EDITORIAL

By EDITOR-IN-CHIEF

Butler High School, though progressive in almost every other way, has long been lacking in the interest of a monthly school paper. Although not absolutely essential to the welfare of the school, we believe that such a production goes far to build up school spirit and an interest in local affairs.

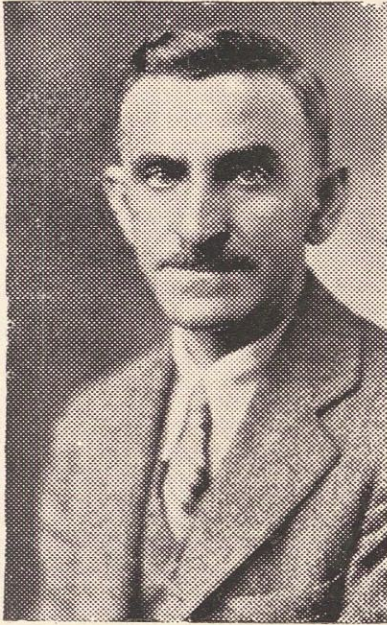

Last year such a paper was attempted, sponsored by the Hi-Y, and three editions published before the close of school. At the opening of the term this year, because of the economic depression of the country, it was deemed best to discontinue the publication of the "Butler Aviator" until a later date.

The class of '31, however, has taken it upon themselves to publish a senior edition of this paper in the form of a school annual, believing that it could be made a success and hoping thus to carry on the "Aviator". We have endeavored to include the entire school in the publication, giving particular attention to the Junior, and Senior High School.

It is our most sincere desire that in the future the "Butler Aviator" may have a fixed place in the school program and meet with such support from the community that its success as a monthly school paper will be assured.

SUPT. R. L. STONER

We hope that our Class of 1931 has developed a philosophy of life something like this.—Mr. Stoner.

### PHILOSOPHY OF A SENIOR

1. I have come this far. Now where can I go from here?
2. In the present complex civilization there are many and varied fields of usefulness. Surely I can serve my fellow man in some capacity.
3. I am going to study various colleges, business schools, and occupations.
4. I am going to have my guidance teacher check up on my abilities and interests.
5. In the light of my research and my guidance teacher's advice, I am going to prepare myself for some useful work in life.
6. I am going to follow my interests and try to do something that I will enjoy, rather than do something which will make me wealthy.
7. In as much as I have had the good fortune to be born in a great nation having a representative system of government, I will do all I can to assume my responsibilities as a citizen.
8. In whatever community I happen to live, I will be a constructive citizen, and not a destructive knocker.
9. I feel very grateful that I was raised in a good home by loving parents, therefore I am going to have a wholesome attitude toward sex relationship, and endeavor to establish a good home for my children.
10. I will follow and support such religion as my conscience dictates, always being freely tolerant of the other man's belief.

Another year its fleeting course has spent, by Time's untiring teller sent. A year filled with activity and redundant with many pleasures; a year of progress and of that almost indefinable inner expansion which, for want of a better term, men call culture. Certainly no one could have been present long this year, in the halls of Old Butler, without sensing that conflicting forces were at work motivated by sincere and earnest desires to see this educational institution meet in a commendable manner the inevitable demands of change. Always have old creeds and customs been revered but it has been very gratifying to witness youth meet new conditions in a cheerful spirit of eagerness.

Out of the perplexing problems that confront educators today we hope for the development of a system of instruction which will have highly emphasized cultural values! a system of instruction that will place true values upon the lasting phases of life and discredit much of the modern madness for excitement and the pursuit of transient joys. Certainly, no culture is of great value that does not develop in youth those qualities of personality that not only enable him to earn his livelihood, but also create the possibility for him to make some contribution for the betterment of mankind. The performance of difficult tasks and the pursuit of difficult courses of study will ever be listed among those agencies that led to the highest type of culture. In that individual who has

JUNIOR CLASS

President ..... Howard Clingman  
 Vice-President ..... Dale Miller  
 Secretary ..... Hilda Brockman  
 Treasurer ..... Doris Cotterman  
 Class Advisers..... Mrs. Tadge and Mr. Morton

At the first meeting of the Class of '32 in September we elected the above officers. For our class colors we chose green and gold, and the yellow rose as our class flower. "Deeds, Not Words," was selected as our motto.

The class has spent most of the year at the grindstone, or at least, they will emphatically tell you that, but they have dropped away a few times for a rabbit fry, an occasional party, picnics, and of course, the Senior Farewell, trying to mix the bitter with the sweet in their proper proportion.

Under the direction of Mrs. Tadge, we presented "Who Wouldn't Be Crazy," to a well filled house which seemed to thoroughly enjoy this three-act comedy. Members of the cast were: Harold Cullars, Helen Keydoszius, Howard Clingman, Gertrude Hewitt, Mary Kathleen Henrich, Dale Miller, Bernard Elsass, Harriet Brusman, Lowell Hutchins, Hilda Brockman, Doris Cotterman, Charlotte Neff, Garland Rob-

inson, Lowell Garman, Sylvia Wharton and Raymond Meyers.

After much discussion the Juniors have decided to follow the old custom and have a banquet for the Junior-Senior farewell. The date is Saturday evening, May 23. The rest of the plans will remain a mystery until invitations are sent out.

During our three memorable years we have triumphed in athletics, with Garland Robinson as foul shooting champ in the county for two successive years, representatives on the boys' football, basketball, baseball, and track teams, and representatives on the girls' basketball team. We have also participated in music, county literary contests, and dramatic activities.

We earnestly hope that we will be able to fill the high position of Seniors next year without too much strain on mentality or conduct.

SOPHOMORE CLASS

- President .....Frederick Wolfram
- Vice-President .....Hazel Snyder
- Secretary ..... Phyllis Coppock
- Assistant Secretary .....Joe Holthouse
- Treasurer ..... Ralph Scherer
- Advisers.....Miss Hawker, Mr. Frantz

So far we have had three class parties. Our Halloween Party was held at the home of Ralph Scherer. Our New Year's Party was held at the home of Jane Crampton. A Cummeri was held in Raymond Jackson's sugar camp. All the parties have been well attended and everyone has had a pleasant time at each.

Many members of the class have bought their class pins. We bought the pins from the F. E. Williams Company of Maine. We have ordered our rings from the Herf-Jones Company. They are giving us a plaque because we have placed our order with them early, enabling them to begin work on the rings during the summer, thus keeping more men employed during the summer months. We will receive the plaque before the school term closes and it will be presented to the school. Upon the plaque will be engraved the name of the honor student

of each graduating class. This year the name to be engraved will be that of Elsie Bennert.

The Sophomore Class is sponsoring a three number Lyceum course, given by the Sorensen Entertainment Bureau. The course will be given some time next year. The dates have not been decided yet.

The class gave \$16.00 to the school for books to increase the school library. The money was the proceeds from the play given in the Freshman year.

In the realm of the athletics our class has contributed much this year. Some of the most prominent representatives who have proven themselves worthy of the school's praise are Joe Holthouse, Donald Smith, George Stulgaitis, Jerald Royer, Frederick Wolfram, Paul Chitwood, Catherine Radebaugh, Cecelia Trimbach, Myrrl Spence and Mary Messaros.

FRESHMAN CLASS

We Freshmen found our new destination as high school students on September 12, 1931. After much confusion and discussion of subjects to be chosen, we finally decided what classes we would attend during the semesters of 1930 and '31.

Our first few months were spent in getting accustomed to the subjects we chose and mostly keeping our eyes on the upper classmen for fear of initiation.

Our first party was held at the home of Vernon Nickel on Halloween. Each Freshman had to shake hands with a ghost before entering the home. Though our cider was much in danger of theft we all had plenty to drink and were in high spirits all evening. Nearly twenty-five were in attendance.

We were represented on the Girls' Basketball squad by Isabelle Harnish and Marjorie Murphy. Marjorie was on the first team and

played in nearly every game.

"It's always fair weather when good fellows get together," and fair it was (but cold) when the Freshmen held their New Year's Eve party at the home of Alvin Laub. Everyone had a wonderful time, and stayed to welcome the New Year in.

You can readily see we have had a lot of good times together, but still some sadness, too, has touched us. We mourn the loss of one of our classmates, Richard Maurice Johnson, who passed away on March 28, 1931. We also have had some illness in our class and have tried to remember our classmates with flowers.

There are forty pupils in our class this year and we are hoping to have all of our classmates with us again this fall to begin the Sophomore year, promising to take another step toward greater wisdom with more self-confidence than our previous year.

## JUNIOR HIGH NEWS

During the first part of April the students of the Eighth Grade were busy preparing for the state examinations.

On April the sixth the examinations were given. Mary Dice, with 152 points, had the highest score of the class. Virginia Aydlotte, with 143 points, was second. Ray Smith, with 142 points, had the highest score among the boys. Taking the class as a whole they made good scores.

They are now busy writing original stories. Some of them have been read and are very interesting.

For the past six weeks the Fifth, Sixth, Seventh and Eighth Grade boys have been participating in an indoor baseball league. The

final game of the series will be played Friday, May 8. At the present writing the Eighth grade is leading, the Seventh stands in second place, and the Fifth Grade in third place. However, the two remaining games to be played may change the final results.

In the county track meet held at U. of D. Stadium, Saturday, May 2, Butler ranked third. Four of the Junior High boys took part in some of the events. Glen Snell placed second in the 75, and 220 yard dash. Elmer Weng placed fourth in the 220 yard dash.

As there are only two more weeks of school the pupils of the Junior High are earnestly preparing for their final examinations, which will be held the third week of May.

never learned the joys of persistent labor, culture is wanting.

It is with great satisfaction, at the close of this year, that I give to my co-workers in the faculty, to the members of the Senior Class and to every other member of the student body my parting salute and in the words of Emerson raise this question for their meditation:

"Can rules or tutors educate  
The semi-god whom we await?"

He must be musical, tremulous, impressional  
Alive to the gentle influence of landscape and  
of sky  
And tender to the spirit touch of man's or  
maiden's eye:  
But to his native center fast  
Shall into future, fuse the past  
And the world's flowing fates in his own mould,  
recast."

## Distinguished Students of B. H. S.

The above picture is a representative group of a few of those high dignitaries who brought home the bacon to old Butler in the year 1930-'31. The who, why, and what-for, reading from left to right, is as follows:

That shy little maiden with auburn hair, Miss Audrey Fay Beeson, who distinguished herself as a modern Sarah Bernhardt, winning all local laurels and representing this district in the sectional Dramatic Reading Contest held at Hamilton, Ohio. Next we find that charming Junior, Hilda Brockman, who represented Butler as the girl soloist in the Music Festival. Elsie Bennert, the master mind of history, who won first place in the county and journeyed to Miami. Nellie Merkle, now what would she be doing—speaking a piece? You bet. Where? At Trotwood. It's not the Smith Brothers this time, it's the Smith sisters, first Dorothy, then Mary. Dorothy is at the piano, Mary has the violin. Well, well, here we have that charming little Mary Alice Ryder. Can she tickle the ivories, boys? You bet. We'll say Paderewski better watch his step! Lowell Garman, Butler High's second debater. Say, did he tell Hen-

derson where to get off? And how! Mrs. Dorothy Stockton, Butler's talented Music Instructor. She's the one who feeds all these young canaries. Garland Robinson, we all call him Nuts, but when it comes to shooting fowls he's right there, first place in the county for two straight years. Reading the Bible and winning first places is a habit with Gertrude Hewitt, who entered the county finals in a Literary Contest. The next three boys all in a row are Nelson Cotterman, Dale Miller and Percy D. Oaks—the singing fools. Ernest Gorham, first debater and the second member of that famous team that beat Trotwood. And here's the fourth member of that romantic High School Quartet, Marshall Jackson. Roland Steinmetz, that whiz-bang Latin student, a member of Montgomery County's Scholastic Team at Miami. Last, but not least, is the modest Lowell Hutchins, whose picture we do not have here. He won first place in the district public speaking contest, sponsored by the vocational agricultural departments of the state. He also won second place in the state contest.

## YEAR'S DIARY

September 8—Butler Hi and Professor Stones gave us the once over—Freshmen and all.

September 8—B. H. S. starts out right with a brand new snappy song—none other than the Butler War Song.

September 8—Lost, strayed, or stolen, noble bulldogs humbly come to their superior, the big hardboiled coach, M. B. Morton, for directions, advice or what not. (Football practice.)

September 26—Between winning the hardest football game of the year (Trotwood) and the Girl Reserves industriously selling hot dawgs—well—we admit we're just a bit glad it's over.

October 24—Everything has been going along just fine—till those feared report cards greet us—and naturally spoil everything. And to think—we have an honor roll now—which just shows everybody how dumb everybody else really is.

October 31—Spoonks'n goblins'n everythin'—at haunted houses and added attractions. What? You didn't hear 'bout those Halloween class parties—you missed sompin'!

November 19—What a smell from that chem. lab. Boys, how could you? You could at least supply the school with handkerchiefs.

November 29—Footballs and banquets—mostly banquets for those big he-men who gave us such snappy performances in this year's football schedule. And we simply mustn't forget the handsome young man elected honorary football captain, Bob. Heitzman. And to think we won't see him any more. Tough break, girls!

December 22—At last that long-longed-for Girl Reserve and Hi-Y party.

December 25—Whoopee! Christmas vacation and a glorious loaf! Don't forget, boys—the sweet young thing will positively adore a vanity case or—well, use your own judgment!

January 5—The faculty quartet serenaded (?) us in chapel. Oh—ooh—our ears!

January 16—A riot, policemen, fainting women 'n everything! What was it? Merely the outcome of the latest Farmersville-Butler struggle.

January 27—Those much-talked-of exams. begin. That means vacation for some—but for the others?

February 19—"Don't I look as pretty as usual?" "Hand me some powder!" and "How shall I pose?" All these exclamations and other expressions of "honor" came from those

fortunate Seniors who had their photos taken today!

February 25—Positively, we'll never get over that—What?—"Welcome Danger," that spooky picture show presented by the Juniors. So terrifying that little Ernest Gorham couldn't sleep all night (?).

March 12—We debated with Trotwood tonight—and it was a good debate. However, we were just a bit worried that a certain person would not get there in time. Somebody must have donated her a road map, though.

March 17—Hidden talents! Not only from Butler, but from four other schools also. It's a Music Festival.

March 28—"Who Wouldn't Be Crazy," given tonight—and what a surprise those Juniors gave us. We didn't know Lowell Hutchins (Speedy Marshall) was so "fast."

April 3—Reports again! Are there tears? Don't be sil. We're still plodding on to graduation.

April 16—More hidden talents—in our orchestra this time! Struggle along "Dossie"—You'll give Stokowski a setback yet.

May 2—Our track team this season is great—ribbons and more ribbons.

May 7, 8—Trembling knees, nervous voices and fluttering hearts, the Senior Class play, "Nothing But the Truth." Mr. Ernest Gorham was such a truthful hero, and for Elsie Benert—well she spoke for herself. Oh, yes—the others weren't back-numbers either.

May 21—Are those soft strains from that masterpiece, Chopin's "Funeral March"? The Seniors are taking their finals this week.

May 23—The Juniors' farewell to the Seniors.

May 24—Those stately (?) Seniors in their flimsy dresses and spiffy suits certainly looked impressive marching down the aisles of the auditoriums to listen to their Baccalaureate Sermon this evening. What? You wonder if the sermon was as impressive?

May 27—Well, B. H. S.—it is time to say goodbye. We Seniors must go—but with regret this time—realizing we will never come back—to flunk tests, to be late for classes, to get called to the office—or maybe to talk to our sweethearts in the halls. Oh, we'll miss it all! So, dear old B. H. S., goodbye. We'll keep you on Memory's page forever.

# ATHLETICS

GIRLS' BASKETBALL TEAM

## BOYS' BASKETBALL

The boys' basketball team had a poor season although they tried hard to win. The greatest difficulty was that most of the boys lacked experience, a very essential factor in athletic contests. Coach Morton says that the playing quality of the team improved greatly during the basketball season and since only a few boys will be lost by graduation, Butler fans are looking forward to a more successful season during '31-'32.

In mentioning boys' basketball it would be only proper to state that Garland "Nuts" Robinson won the county foul shooting contest held at the Coliseum.

## GIRLS' BASKETBALL

Under the splendid coaching of Miss Hawker the girls' basketball team had a very successful season. They won eleven games and lost only three, which is a very fine record. Next year the team will have to get along without the distinguished shooting of Phyllis Kiel. But just watch Catherine Radebaugh do her stuff.

Several of the team will graduate, among whom are: Elsie Bennert, Capt.; Mary Alice Ryder, Phyllis Kiel, Virginia Cruse, Nellie Merkle and Ruth Trimbach; leaving Catherine Radebaugh, Cecilia Trimbach, Myrrl Spence, Isabelle Harnish, Mary Messaros, and Helen Keydoszius as veterans about whom a team will have to be built next year.

## TENNIS

Mr. Morton, who is always organizing things to keep interest alive in athletics among the student body, has organized a tennis tournament for all Senior and Junior high school students. Since the tournament has been announced and the courts conditioned many would-be tennis champions or stars are seen wielding their rackets on the courts. After the tennis tournament the champion will be given a small trophy.

Among the foremost players are Royer, Scherer, and Steinmetz.

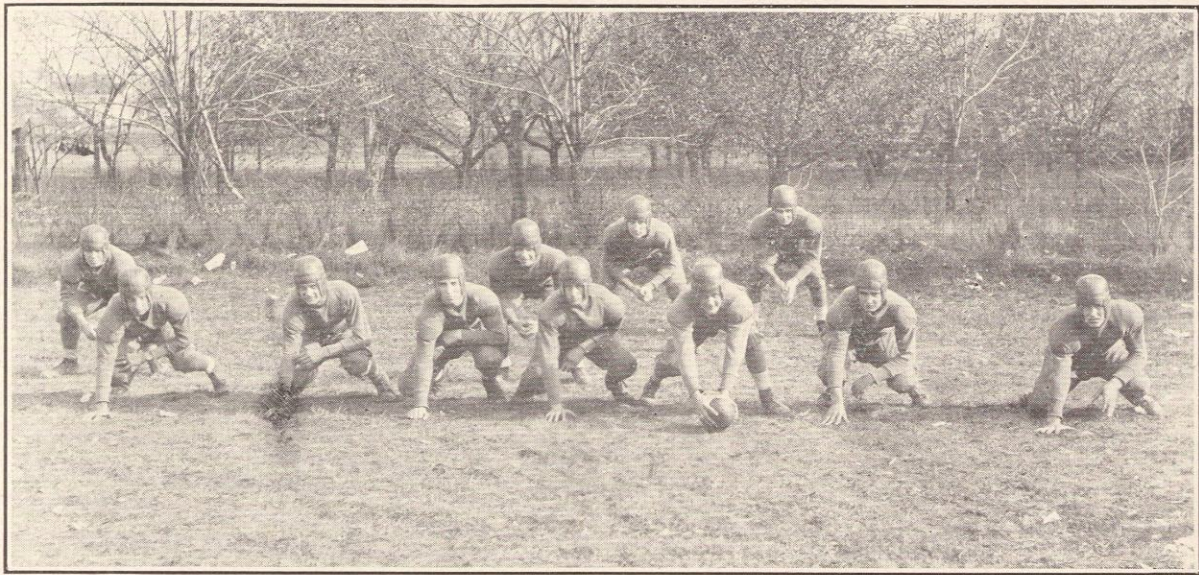

## BASEBALL

Last season was the first year that baseball was taken at Butler and a regular schedule compiled. Since we have no unusually fine stars along that line it has been impossible for Coach Morton to develop a championship team. Last year the team came through the season with a record of having lost every game on the schedule. This year the team has broken its previous record somewhat by winning one game so far by a score of five to six.

Since it takes about four years to develop a baseball team, it seems as though we should have a good team in about 1933.

The boys of the team are as follows: Duffy and Wolfram, batteries; M. Hutchins, Cruse, Stulgaitis and E. Smith, infielders; Royer, Miller and Macy, outfielders.

BOYS' FOOTBALL TEAM

## FOOTBALL

Two years ago when Coach M. B. Morton first came to Butler, many problems along athletic lines confronted him. Among the foremost was football. Football at Butler was in the period of the Dark Ages, so it seemed. Most of the material was comparatively inexperienced. Mr. Morton's first year as coach did not look very prosperous but the following season 1930 came and left Butler's football team as champs of the Montgomery County League, having won six games and lost only two. Butler lost one game to Madison and the other to Arcanum. To start the season right Coach Morton promised the team a trip to Columbus to see the Ohio State-Mount Union game on the condition that they win the first game with Madison. This promise aroused the spirit of the team and Butler won its first game of the season with a score of six to nothing. Having acquired the feeling of winning, the team went through the season losing only two games of the schedule.

With Heitzman, Gorham, Gray, and Cullars in the backfield and Kohl and Miller on the ends, Butler had the scoring combination that took very hard opposition to thwart. With Holthouse, Hertlein, Laycock, Trimbach, L. Hutchins, Borchers and Wolfram, who could take the guard positions just as capably, Butler had a forward wall that went through all opposition.

At the end of the season a banquet was held

for the football team sponsored by the Hi-Y and Girl Reserves.

Many of the boys will be lost from the team by graduation, but there is much material of equal caliber to take their places, so we are looking forward to a successful season during 1931.

---

## TRACK

The Butler boys' track team have to do their own coaching so it seems, because Coach Morton is very busy with baseball and is unable to be with the team and give it many points to better it. Nevertheless, the Butler track team has come along very nicely considering circumstances. They have been captained by Ernest Gorham, in practice and organization. In the Stiver's relays they did not do much, being out-classed by larger schools and more experienced teams from other states. When it came to the county meet at Riverview park it was time for the Butler track team to shine. The team came through the meet having placed third with a score of twenty-one points.

The boys on the team are: Gorham, L. Hutchins, Cullars, Snell, Coover, Youngs, Kohl, Nickel, M. Hutchins, and Borchers.

On May 12th a track meet was held at Butler with the track teams Dixie, Randolph and Butler competing. The Butler team carried off high honors for the day and added another truck load of ribbons to their already colorful collection.

**HI-Y NEWS**

"To create, maintain and extend throughout the school and community, high standards of Christian Character."

We have carried out our purpose through inspiring and helpful discussions under the guidance of our County Hi-Y Field-secretary, Mr. Earl Rhoades.

We also renewed our affiliation with the state Hi-Y Clubs and enjoyed parties and swims at the Y. M. C. A.

We are planning to send members to the State Hi-Y Camp at Dod this summer.

We have eight Freshmen entering Hi-Y the last semester.

**What Could The Butler Aviator Ever Accomplish**

- Without Mrs. Tadge and Mr. Morton, the most efficient advisers?
- Without the Editor-in-Chief, Elsie Bennert, who has continually urged and encouraged the Staff?
- Without the two Assistant Editors, Mary Alice Ryder and Ernest Gorham, who have really assisted?
- Without Harry Borchers, the Business Manager, who has succeeded in becoming the best manager a Staff ever had?
- Without Helen Smith and her group of typists, whose assistance was most necessary and important?
- Without Mr. Stoner tht high school superintendent, who has aided the Staff greatly?
- Without Mr. Tadge, the high school principal, who has from time to time helped by gaining the support of the student body?
- Without the advertisers who have helped to make The Butler Aviator possible?
- Without the student body and the faculty, who, as always, have shown their support by investing in a Butler Aviator?
- Therefore, the Staff takes this opportunity to thank the many persons who have helped them in so many ways.

## GIRL RESERVE NEWS

The girls of Butler welcomed the Girl Reserves of the County to the "Spring Rally," given May 2nd. From 10 o'clock in the morning until 4 o'clock in the afternoon the girls enjoyed a good time. The annual election of officers for the County G. R. Council took place at this meeting and Miss Harriet Brusman of Butler was elected president.

The club has had several hikes and parties this year and many took part in the pageant given at Fairmont last February. The closing event of the year was a Senior farewell party given at the home of Esther Meyers, Saturday May 9th.

The grain judging team of Butler Township School won first place in a contest with nine other teams of Clark, Greene, Montgomery and Darke Counties at the Scarff Seed House Tuesday, April 28th. Members of the team were: Carl Youngs, Myron Hutchins, Nelson Cotter-

man and Kenneth Wade. Mr. Frantz, Smith-Hughes instructor, coached the boys. In the contest, corn, wheat and oats were judged and twenty different seeds identified. The teams placed in the following order: Butler, Lanier, Monroe, Olive Branch, Brookville, Alpha, Newton, Bethel and Gettysburg.

On Friday evening, May 1st, Miss Mary Alice Ryder, one of our Seniors, participated in a state-wide music contest sponsored by Otterbein College at Westerville, Ohio, winning second place and receiving a prize of fifteen dollars. We congratulate her on her success.

During her four years of high school Mary Alice has served the school faithfully and well, giving unstintingly of her musical ability toward making programs and entertainments of the school successful. Very often she has sac-

rificed her own pleasures in order that she might accompany someone who had waited until the last minute to ask her.

We wonder how many times Mary Alice has heard this request: "Will you play for me?"—and we also wonder if she was ever heard to reply—"Get somebody else to do it. I haven't time."

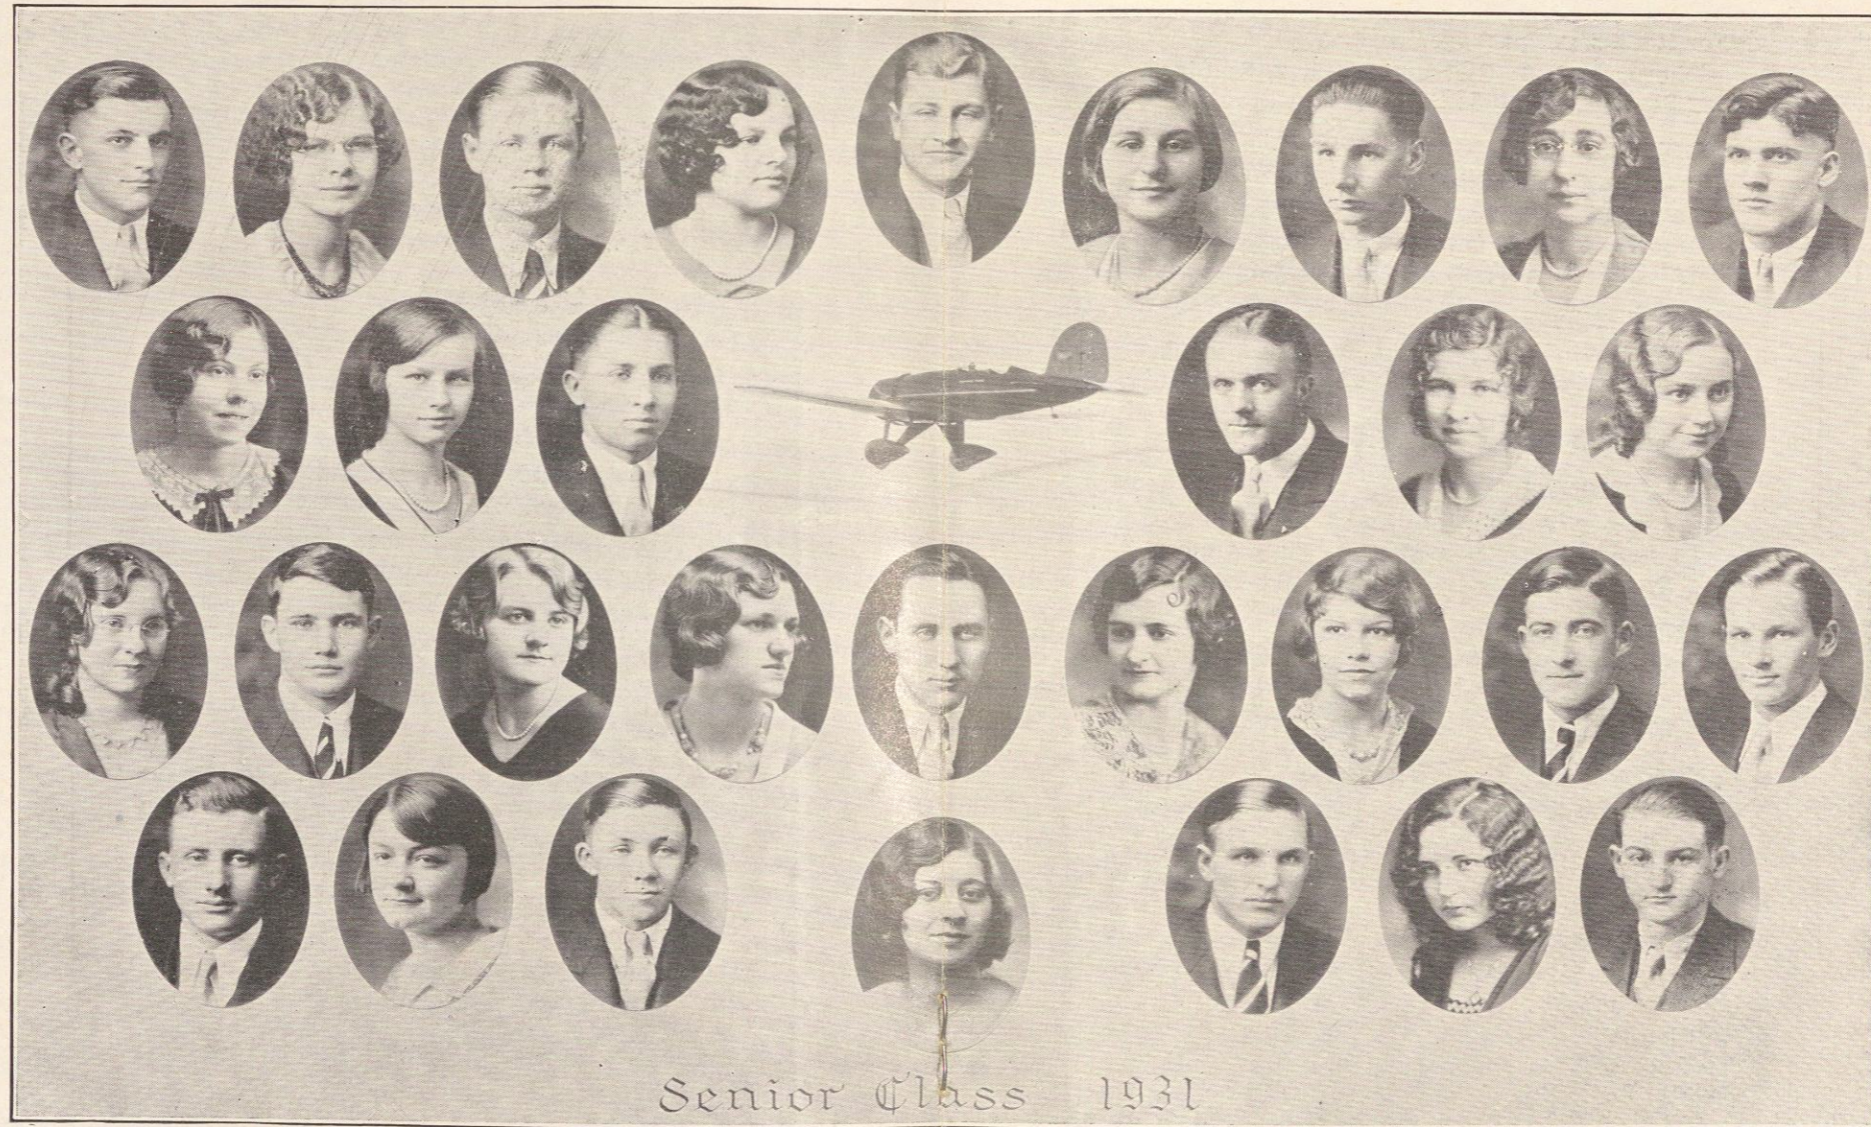

Mary Alice expects to prepare herself to be a public school music teacher and we wish her much success.

A local chapter of Future Farmers of America was organized by the Agriculture Class in November. The chapter has taken an active part in Farmers' Institute, Pest Hunt, and 4H Club Work.

The officers are: President, Lowell Hutchins; Vice-President, John Waymire; Secretary, John Murphy; Treasurer, Paul Chitwood; Reporter, Frank Kohl; Adviser, Mr. Frantz.

On Monday morning, April 25th, the club took charge of the chapel program. The boys had on display some of their banners, ribbons, medals, and also a cup, which they had won, and a short explanation was made concerning both these and the F. F. A. chapter. With the exception of a few minor accidents the program was a success and was especially enjoyed because all the talent was furnished by the boys.

## SENIOR PLAY

For two successive nights, May 7th and 8th, and before two large and hilarious audiences, the Seniors of Butler High presented the farcial comedy, "Nothing But the Truth," under the direction of Byron Morton. Hidden talents never known to exist before bloomed forth in all their splendor. Every member of the cast did well. Elsie Bennert and Ernest Gorham proved to be the most ideal of lovers. Esther Jackson and Harry Borchers were just natural for the "quarreling married people." No one dreamed Marshall Jackson and Dean Black could be extremely funny, but they were and Nellie Merkle and Ruth Trimbach as vamps!!! We hope they don't start after us! ? ! Wilson Laycock made the most reverent looking Bishop.

And poor little Mary Alice Ryder. We really felt sorry for her, the way she cried so. The conventional maid was portrayed by Esther Merkle.

It was a fine play. We certainly wish the Seniors were back another year so that we would have another such production to look forward to. But such is life.

Much credit for the success of the play is due to the members of the boys' quartet and orchestra who contributed very fine music, also, to the remaining Senior girls who handled the large crowds so efficiently and to the Senior boys who really handled the stage furniture as it should be done.

The Music Department has developed favorably during the past year. The mixed chorus, orchestra and glee clubs have held regular meetings and credit has been given for this work. In addition to these classes, many students have been interested in other musical activities.

Members of the orchestra have participated in county band and county orchestra. This adds to their training and gives the experience of playing with a larger group. Other members have taken part in chapel programs with solo numbers and in the orchestra as a whole.

The Musical Festival attracted the attention of many music students. Tryouts were held for those who wished to appear on the program for the following solo numbers: Vocal, both boys and girls; violin; and piano. The chorus prepared two selections for the program. Since the membership in this class has been open to anyone who is interested in vocal music, the group was quite large. However, everyone in the class appeared on the program, with but a few exceptions. The boys' quartet concluded the program. These boys have held weekly rehearsals and appeared quite frequently.

The glee clubs have taken part in chapel and P. T. A. meetings. They will also contribute music for the Baccalaureate service.

The pupils of the Seventh and Eighth Grades have taken quite an interest in their music the past year. An operetta, entitled "Love Pirates of Hawaii," was produced early in the season and was very well received. They have contributed their share for chapel programs and also raised the standard of their class work. Three-part singing has been especially interesting.

The primary and elementary grades are not to be outdone when it comes to entertaining. Pupils of the Third and Fourth Grades created a patriotic interest in other nations by their program of songs and dances in "Uncle Sam's Visit." Of course, a year would not be complete without the Fairies and Brownies to awaken the spring flowers and carry out the commands of their Fairy Queen. This was very well shown by the primary grades in "On Midsummer's Day."

Although many programs have been given, the class work of the various rooms has not been neglected. A love for music has been the aim of the entire program, either the enjoyment of listening or the participation itself. Many find more interest in the theoretical side. However, an effort has been made to reach every child in some way. Special recognition

will be given to those pupils of the high school who have attained a certain number of points in music by the awarding of letters.

Mr. Neff: "How is it that you failed in every subject at school?"

Steve: "I had an absent minded Professor, and he forgot to pass me."

Harry B.: "Let's play hookey and take in a show."

Kenneth B.: "Can't do it, I need the sleep."

Mr. Thutt: "The majority of this class know about ten times as much as you do."

Red Clingman: "Well, ten times nothing is nothing."

## A Safe Deposit Box is the Only Answer

**E**VERY HOUR OF EVERY DAY, over a hundred fires or burglaries occur in the United States. Bonds, mortgages, deeds, insurance policies, letters, jewelry, family heirlooms, priceless keepsakes—things that usually can't be replaced are burned or taken.
